Certified company

Follow the installation and maintenance instructions published and recommended by PORCELANOSA GRUPO, adhering to the legal or regulatory requirements existing on each region.

Do not use cleaning agents containing hydrofluoric acid.

In public spaces, tiles must comply with the anti-slip rating under the DCOF (dynamic coefficient of friction) standards.

For big sizes, it is recommended using flexible modified adhesives applied by back-buttering.

This document is only commercial and cannot be used as expert opinion, documentary evidence or in any legal or administrative procedure unless authorized by BUTECH S.A.U.

Being the ceramic material that most resembles natural stone, it can show slight variations in shade, color spots and vein among pieces.
