

Join the team at The Hamptons Hospital

For more information visit  www.thehamptonshospital.com

VARIOUS
ROLES ARE
AVAILABLE

The Hamptons Hospital is a new independent day care hospital, due to open in the Autumn 2022.

This exciting development will be bringing together high quality clinical expertise; and the latest healthcare equipment for diagnosis and treatment, in a brand new facility. We aim to support the health needs of both NHS and privately funded patients across the local region. We are situated in the South of Peterborough with easy access and free car parking.

Message from the Hospital Director

Thank you for your interest in joining our team. The Hamptons Hospital is one of very few private hospitals to be commissioned in recent years, so joining us presents a rare opportunity for you to be part of a hospital development team, and to use your skills and knowledge to help us shape services and processes from a new starting point.

To support you we have enabled streamlined Clinical and Administrative systems, underpinned by investment in the latest IT equipment.

We are seeking managers and staff with a pioneering spirit, initiative and personal drive who are keen to be part of a small team at the outset of our development. As a suitable candidate, you will be astute and perceptive, with strong interpersonal skills, and the passion to ensure that truly exceptional care is delivered.

Your contribution to the team will be truly valued and appreciated. Above all we are seeking people who care as much as we do about the health and wellbeing of all patients who choose The Hamptons Hospital.

We look forward to meeting you.

Gill Barnes — Hospital Director

Delivering exceptional care – Making the local community better.
