Streamlining your pay review process

Do you want to reduce the time and resources required to manage your pay review process?

Our customers tell us they spend as many as 500 hours each year managing their pay review, largely through cumbersome and unsecure spreadsheet methods. Factor in the time it takes line managers to agree and communicate their decisions to HR and you can see why a review plays such a large part in the HR calendar.

PAYreview allows you to manage and track your pay review much more easily, enabling you to focus more on the review outcomes, rather than the process.

Visit www.paydata.co.uk to find out how PAYreview helped Alliance Healthcare reduce the time they spend administering their annual pay review by 50%.
