

First-class MR diagnostic imaging

Open now for referrals with flexible appointment availability

The Rutherford Centres house some of the most sophisticated and accurate MR diagnostic imaging technology available.

Patients and clinicians using

Imaging@Rutherford can expect a first-class express service with flexible appointment availability.

Each Rutherford Centre was designed with patient experience at its heart and our expert team are passionate about the service they provide to clinicians, healthcare professionals and patients.

Open now for referrals

APPROVED BY INSURERS

In addition to offering services on a self-pay basis, we are in the networks of all national private medical insurers.

RAPID DIAGNOSTIC SERVICE

We offer a high-quality MR diagnostic imaging service with rapid and detailed reporting to help clinicians diagnose with confidence.

WORLD-CLASS TECHNOLOGY PARTNER

We have partnered with Philips, using their leading healthcare technology to deliver digital clarity and speed in MR diagnostic imaging.
