Ready to be a lifesaver?

Here's how to start your fundraiser with us.

Step 1: Choose a life to nourish

Decide to what cause you would like to fundraise for. Food and water, the very essence of life. Will you feed the hungry or quench the thirsty? Your choice, your mission. You can provide hot meals to children, feed families or build water wells for communities in Asia, Africa and The Middle East.

Step 2: Connect with us!

Send us an email at info@charitymeals.org. Let us know your commitment to ending hunger and thirst.

Step 3: Ignite your fundraising page

We'll put the spotlight on you! We'll set up your fundraising page, dedicated to filling empty bellies and quenching thirst.

Step 4: Unleash your passion

It's your time to shine! Start your incredible journey of providing food and water to those in need. Share your story, your cause, and watch the magic of nourishment unfold. Create videos, pictures and content for social media or share with friends and family and get them involved.

Step 5: Witness the impact!

You're not just raising funds; you're sustaining life itself. Experience the joy of making a real, tangible difference. Your journey, their sustenance.

Remember, your dedication to this vital cause can inspire others to join the mission of ending hunger and thirst around the world.
