

UCP-ASS007 Higher Education Assessment Policy for Pearson Edexcel (HNC/D) Programmes

1. INTRODUCTION

- 1.1 This policy establishes principles, processes, and good practice in all aspects of the management of student assessment for Pearson Edexcel (HNC/D) programmes.
- 1.2 Assessment is the process by which UCP is able to evidence and evaluate the extent to which a student has met the assessment learning outcomes and acts as a strong formative tool to support and assist student learning and development.

2. PURPOSE

- 2.1 The purpose of this assessment policy is to ensure the planning and management of assessments is conducted efficiently and in the best interest of students, and that awarding body procedures are always followed.
- 2.2 This Policy provides a framework for effective, appropriate and fair assessment practice that promotes learning. The purposes of assessment and feedback are to:
 - promote deep learning and to engage students;
 - assess the extent to which students have achieved learning outcomes;
 - assure standards by demonstrating achievement consistent with other Higher Education Institutions [HEIs];
 - help students to reflect upon feedback to evaluate and enhance personal performance and development;
 - provide a basis for decisions regarding progression and award.

3. SCOPE

- 3.1 University Centre Peterborough (UCP) is the higher education arm of the Inspire Education Group (IEG). This policy covers all higher education provision operating through UCP which includes Peterborough College, Stamford College, and franchise partners (ESPA and Addict).
- 3.2 This policy is affective from 31st August 2021 and replaces all other versions. It is to be followed by students registered on Pearson Edexcel HNC/D programmes.

5. RESPONSIBILITIES

5.1 Assistant Principal of Quality:

- is responsible for reviewing this policy annually with the UCP Academic Officer.

5.2 The UCP Academic Office:

- is responsible for maintaining these procedures.
- ensures documents required by the appropriate awarding bodies are held securely in the Academic Office drive, are submitted correctly and on schedule.
- arranges for dissemination of externally moderated results and certificates to teaching staff, management, and students.
- tracks, dispatches assessments for external moderation.
- enabling reporting of assessment results to the Award Board and Student Review Panel.
- decisions on post-results procedures.
- liaising with external awarding bodies.

5.3 The HE Data Coordinator, MIS:

- manages students' registration processes with awarding bodies which makes sure that students are registered for the correct assessment.

5.4 Teaching Staff (Course Leader's and Unit Leaders) are responsible for:

- the safe and secure conduct and storage of non-examination assessments.
- conducting the non-examination assessments in accordance with this policy.
- production and internal moderation of assessment tasks.
- identifying access arrangements for students and providing evidence to support requests.
- ensuring all necessary coursework and/or controlled assessments are completed on time.
- accurate recording of marks, moderation processes and adherence to deadlines as set by the UCP Academic Officer.
- accurate completion of coursework / controlled assessment mark sheets and declaration sheets.

5.5 Students are responsible for:

- understanding coursework/controlled assessment regulations and signing a declaration that authenticates the coursework as their own.
- ensuring they conduct themselves according to the awarding body's regulations and the UCP Student Charter.

6. RISK ANALYSIS

6.1. This policy is required to ensure that correct procedures are in place and are followed.

Analyse risks of non-adherence to this policy

6.2. Failure to adhere to this policy could lead to academic failure of students, complaints and in extreme cases, legal action.

Staff training needed

6.3. All staff involved in the assessment of students are required to undertake annual training delivered by the Academic Office to outline the process to which they need to adhere. This training will be enhanced by annual updates provided on procedural requirements which will be delivered by the Academic Office.

7. DATA PROTECTION

7.1. UCP complies with the provisions of the General Data Protection Regulation and Data Protection Act, 2018. As such, applications and student data are treated as confidential by all staff involved in this process and is not divulged unnecessarily or inappropriately. However, the Act requires UCP to release certain information to UK authorities upon request to assist those authorities with the prevention and detection of fraud or other crimes. We will release the requested information on receipt of an appropriate request from UK authorities such as (but not limited to) the police, Home Office (for immigration and related matters), local authorities, and the Department for Work and Pensions. We may use anonymised data collected as part of an individual’s assessment and progression for the purpose of fulfilling statistical and reporting requirements.

8. PROCEDURE

PART 1: PRINCIPLES OF ASSESSMENT

- 8.1. The Unit Leader undertakes a key role in the assessment process. They are responsible for co-ordinating the assessment process.
- 8.2. Unit Leaders ensure that the delivery of a unit for which they are responsible conforms in all respects with the Pearson course specifications.
- 8.3. The Unit Leader is responsible for coordinating the preparation of assessment tasks. Considerations in unit assessment design include:
 - Testing all the unit intended learning outcomes.
 - Developing a variety of assessment methods within the relevant courses and to the course learning outcomes.
 - Using prescribed (regulatory) assessment volumes (in accordance with the unit credit rating).
 - Referring to External Examiners’ reports and outcomes of previous student evaluation mechanisms to enhance delivery.
 - Removing opportunities for plagiarism and assessment offences.
 - Anonymous marking and moderation procedures (e.g. for student presentations).
- 8.4. Assessment tasks for the re-assessment periods (e.g. a further set of essay questions) are set at the same time as the tasks for the main assessment period to ensure comparability and equivalence. Where the assessment task is unique to the student (e.g. a case study, artistic artefact or performance, major project) the same assessment task may be used. In all other cases, a new version of the task is set (e.g. a different set of essay questions).

9 Types of Assessment

9.1 UCP uses a range of standard assessment tasks to assess student’s unit performance, including (there are other types of assessment task, but those listed below are the most common):

Practical Assessment	<ul style="list-style-type: none"> • In-Class test • Lab Test • Presentation
Coursework Assessment	<ul style="list-style-type: none"> • Written assignment, including essay, critical analysis/commentary or evaluation. • Dissertation/major project • Report • Portfolio • Poster • Written project • Case study

	<ul style="list-style-type: none"> • Dissertation
Examination	Exams are a method of assessment which is administered by the Exams Office under time constrained conditions. It is normally timetabled during the published examination weeks at the end of each teaching period.

- 9.2 There are the following forms of assessment:
- Formative assessment**, which is designed to provide students with feedback on progress and informs development but does not count towards the student's final grades.
 - Summative assessment**, which provides a measure of a student's achievement in relation to the intended learning outcomes of a programme of study, through formal grading which counts towards the final award.
- 9.3 For all HNC/D programmes, learners are entitled to one formative and one summative submission opportunity for each element of unit assessment

10 Credit

- 10.1 Each unit of a programme is assigned a credit level by Pearson. All HNC/HND units are usually 15 credits in value, or a multiple of this.
- 10.2 Units have been designed from a learning time perspective, and are expressed in terms of Total Qualification Time (TQT). TQT is an estimate of the total amount of time that could reasonably be expected to be required for a student to achieve and demonstrate the achievement of the level of attainment necessary for the award of a qualification. TQT includes undertaking each of the activities of Guided Learning, Directed Learning and Invigilated Assessment. Each 15-credit unit approximates to a TQT of 150 hours and 60 hours of Guided Learning
- 10.3 The assignment of credit to learning should be understood in the following terms:
- Credit is allocated to a learning activity based on its stated learning outcomes.
 - A student will only be assigned credit after demonstration through assessment of the achievement of the stated learning outcomes.
 - Credit cannot be assigned if no assessment has taken place or if the assessment has not been appropriately conducted.
- 10.4 The number of credit points assigned is independent of the standards (grades awarded). Students achieving higher standards will not be allocated more credit points. The higher standard will be reflected in the grade and classification of the pass.

11 Learning Outcomes

- 11.1 All units and programmes have learning outcomes which explicitly describe the learning central to that study and to which the award of credit and qualifications is linked.
- 11.2 Unit learning outcomes define a threshold standard of learning which all students who successfully complete the unit are expected to be able to demonstrate. The learning outcomes will:
- Define a threshold level of learning.
 - Be achievable within the notional learning hours or time constraints of the unit.
 - Be appropriate to the agreed level of learning.
 - Be assessed.

12 Scheduling, timing, and volume of assessment

- 12.1 The scheduling, amount and weighting of assessment types must be appropriate to the level of the award, the programme of study and the delivery mode.

- 12.2 The amount and timing of assessment should ensure that intended learning outcomes are assessed, and that they enable effective measurement of student achievement. The scheduling of assessment must be such that students have adequate time to reflect on learning before being assessed, and that they can benefit from feedback. Assessment must be designed to minimise plagiarism and encourage academic integrity.
- 12.3 The assessment task(s) is distributed to students at least four teaching weeks before the task is scheduled to be completed by the students (e.g. The details and specification of a task due to be submitted/completed in Week 10 must be provided to the students no later than week 6). If any assessment task occurs within the first four weeks of the delivery of a unit, the assessment task must be published in the Unit Guide.
- 12.4 If there is to be a change to the assessment after the brief has been distributed (e.g. as part of a strategy to develop student resilience and readiness for real-world challenges) then the brief should include the date on which details of the change will be released. Students should be aware that a change is imminent, but due to the nature of the challenge they may not be told exactly how their brief will change. Any changes should be in proportion to the size of the overall task, and details should be communicated not less than 4 weeks before the final deadline.

13 Assessment Qualify Marks

- 13.1 In order to achieve a Pass in a unit all learning outcomes and associated assessment criteria have been met.
- 13.2 In order to achieve a Merit in a unit all learning outcomes and associated assessment criteria have been met. All Merit grade descriptors are achieved.
- 13.3 In order to achieve a Distinction in a unit all learning outcomes and associated assessment criteria have been met. All Merit and all Distinction grade descriptors are achieved.

14 Records of assessment type, components, credits and learning outcomes

- 14.1 The UCP Academic Office sets up and maintains records of each assessment type by entering approved unit information onto ProMonitor. The following process is adhered to:
- The content of the Pearson subject Specification is transcribed onto ProMonitor by the Academic Office staff. This includes the unit title credit weighting, learning outcomes, assessment elements, assessment type, Unit Leader name.
 - Course Leaders are responsible for providing the Academic Office with unit guides, exam papers (first and second sit) and assignment briefs (including resubmission tasks) at least 3 weeks prior to the start of the semester the unit is taught in. All assignment briefs are internally verified before distribution to students.
 - The Academic Office checks the information against the approved Unit Specification and enters the assessment due date onto ProMonitor. Students enrolled on the unit are also linked to the unit occurrence on Promonitor.

PART 2: ASSESSMENT DESIGN

15 Internal Moderation of Assessment Design

- 15.1 All summative assessment (including unit guides, assignment briefs and examination papers), at all levels, must be subject to internal moderation.
- 15.2 Assessments need to be designed to be robust and to be:
- Valid - assess those skills or attributes that reflect the learning outcomes.
 - Reliable - the assessment needs to meet the same results when the same work is assessed by different markers or on different occasions.

- Fair – students need to understand how they are being assessed, what the process is, what criteria are being used and what is expected of them.
 - Authentic – consider the knowledge and skills that are relevant in the workplace and that are valued by employers.
- 15.3 The Unit Leader is responsible for coordinating the preparation of assessment tasks by the deadline set by the Academic Office. This must include:
- Use the BTEC Pearson Assignment brief Template (see Appendix 1).
 - Review of assessment design by another member of the course team.
 - Creation and review of assessment rubrics.
 - Ensuring internal verification of assignment briefs are completed and recorded using the BTEC Pearson Internal Verification of Assignment Briefs Template (see Appendix 2).
 - Holding standardisation meeting of teaching and marking teams - to create a shared understanding amongst a teaching and marking team of the learning objectives of a subject's assessment tasks and the different standards of student performance in meeting those learning objectives.
- 15.4 Unit Specifications, Unit Guides, first and second attempt assessment briefs and examination papers must be provided in the secure electronic Academic Office course file (with evidence of internal moderation) by the deadline set by the UCP Academic Office. This file is protected and only accessible to Course Leaders, External Examiners, UCP Academic Office and HE Managers.

16 External Moderation of Assessment Design

- 16.1 The UCP Academic Office tracks External Moderation of assessment design tasks.
- 16.2 For the Pearson Edexcel the course handbook, unit guide, exam papers and assignment briefs (regardless of level) must be available for external moderation by an External Examiner(s).
- 16.3 The External Examiner (EE) is required to confirm that:
- There is evidence of appropriate academic standards i.e. the task set.
 - Is suitable for the level of the unit.
 - The requirements of the task are clear with no ambiguities.
 - The task is fair.
 - The task or combination of different tasks provides adequate coverage of the unit's intended learning outcomes and content.
- 16.4 The minimum sample will always include no fewer than 3 units reviewed. The sample will always include mandatory core units, and your EE will want to sample different units to those sampled in the previous academic year, unless recommendations or essential actions were previously identified for specific units.
- 16.5 The EE is invited to access the course file on the google drive. The UCP Academic Office provides access to the EE. The EE then reviews the unit guide and assignment briefs and exam papers and the Internal Moderation of Assessment Design Form which is kept in Google Drive. The EE completes the External Moderation of Assessment Design Form and saves this in the Google Drive. Once complete they inform the UCP Academic Office.
- 16.6 The Academic Office tracks responses by the Unit Leader when the EE has made suggestions for revision to the documents. Once the EE has approved the tasks the Academic Office informs the Unit Leader who can then publish them to students through CANVAS.

PART 3: IN-CLASS TEST ASSESSMENT

17 In class-tests/ Internally invigilated tests

- 17.1 Course Leaders are permitted to manage testing (written or online) with the prior agreement of the Exams Officer.

- 17.2 In such instances, Course Leaders are responsible for ensuring that UCP regulations are met with regard to accommodation, security of materials, training and provision of invigilators, access arrangements and malpractice.
- 17.3 Students approved for access arrangements must be provided with these arrangements for every test and use of these arrangements recorded and notified to the Exams Office.
- 17.4 Exams Office staff will carry out ad hoc checks where internally invigilated sessions take place and report findings to the Director of Quality.

PART 4: COURSEWORK

18 Formative Assessment

- 18.1 Unit guides should give clear instructions on what formative feedback opportunities are available to students. This is designed to provide students with feedback on progress and informs development but do not count towards the students' final grades. Students are encouraged to take up these opportunities as this allows unit tutors to ensure that they have understood how to approach the assessment.
- 18.2 Tutors should ensure that students have clear instruction concerning what work can be submitted for formative assessment e.g. a practice task, section of final piece of work, essay plan. Formative feedback is not a proof-reading service – it is intended to provide a student with an opportunity to identify some of the key development points that will make an improvement to the assessment approach.
- 18.3 Students are not able to access additional formative feedback from tutors after their original assessment deadline has passed. This means that students who fail an assessment at the first submission attempt, have extended deadlines, or those reinstated through the extenuating circumstances process, are not entitled to further formative feedback on an assessment task.
- 18.4 Students should be encouraged to submit draft assessment to Turnitin prior to the assessment due date. There is no limit to the number of times a student can upload a draft to Turnitin PRIOR TO THE MAIN DEADLINE; however, third and subsequent drafts will not return an originality report for 24 hours. Once the main deadline has passed, the most recent document in the Canvas system is taken as the final submission. No subsequent submission is possible.

19 Submission of Assessment

- 19.1 Completed assignments should be submitted through Turnitin via CANVAS unless otherwise specified/agreed. Unit Leaders are responsible for setting up Turnitin and for informing students how to use it.
- 19.2 Work submitted for a summative assessment component cannot be amended or re-submitted after the submission deadline.
- 19.3 All coursework assignments and other forms of assessment must be submitted by the deadlines described within the unit guides.
- 19.4 When submitting evidence for assessment, each student must sign a declaration confirming that the work is their own (see Appendix 3).
- 19.5 Students should submit their assignments by 2pm on the deadline day. Assignments may be submitted prior to the deadline day, and this is advisable.
- 19.6 Submission is online through Turnitin®UK. There is a designated page in the Canvas unit for this. To be accepted by Turnitin, the submission must be a single file.

- 19.7 Graphs, tables and text boxes in Microsoft Word documents sometimes show up incorrectly in Turnitin. Documents containing graphs, tables or text boxes must be saved as a PDF file before submitting. Students are responsible for checking the content of files prior to upload, and for checking that the correct file has been uploaded.
- 19.8 On occasions when a large or practical assessment submission type cannot be accepted through the online Turnitin system students will be informed by the Unit Leader to submit your work by email or paper based to UCP Reception (for students studying at Peterborough) and Stamford Library (for students studying at Stamford).
- 19.9 All paper-based assignments submissions must include a completed assignment front sheet available from the Student Support Centre and electronically from <https://www.ucp.ac.uk/policies/>. Cover sheets identify the unit, the assignment and tutor who is to mark it. It is important you fill this out correctly (especially the tutor's name) so that the work is not misfiled in the office.
- 19.10 Assignments are date and time recorded upon submission. UCP keeps all receipts on file. The student receives a receipt. Students should keep all receipts as proof of submission until they have completed their course. Emails are sent to tutors, listing the work that is ready to be collected for marking, and tutors sign copies of these emails when they collect the work. Coursework will be stored securely by the Unit Leader. See the UCP-ASS002 HE Security of Summative Assessment Policy for details or the process and measures in place.

20 Late submission

- 20.1 Where the first attempt summative assessment is submitted late and there are no accepted extenuating circumstances it will be penalised in line with the following tariff:
- Submission within 5 working days: the grade awarded will be reduced by one grade. For example, an unpenalised grade of Distinction would become a Merit, an unpenalised grade of Merit would become a Pass and an unpenalised grade of Pass would become a Refer.
 - Submission that is late by 6 or more working days: mark as Fail.
- 20.2 Where the student is submitting assessed work as a reassessment/resubmission and an extension has not been approved, any work submitted after the published deadline will not be marked/graded and the student will be deemed to have failed the assessment concerned.
- 20.3 Working day in this context means a period of 24 hours or part thereof from Monday to Friday inclusive, excluding public holidays and UCP/College closure days. Site opening dates are published on the UCP website www.ucp.ac.uk/key-dates

21 Coursework Summative Feedback to students

- 21.1 Unit Leaders are responsible for providing students with feedback on assessments within 20 working days of the submission deadline, except for major projects where 30 working days are allowed. If the 20 working day turnaround is not possible, Students should be notified in advance of the expected return date and the reasons for the delay.
- 21.2 Consistency in the quality of feedback should be delivered by using a standardised approach within course teams that considers areas of good practice and areas for improvement. Consistency in the quality of the feedback given on assessments should be monitored by HE Managers.
- 21.3 Staff should make it explicit to students, in all contexts (e.g., lecture, practical, seminar, tutorial) whenever any form of 'feedback' is being provided.

PART 5: EXTENUATING CIRCUMSTANCES

22 Short Term Extension Requests

- 22.1 If there is a valid reason why a student is not able to meet a submission deadline for a piece of assessed work, e.g. sickness, they can request an extension to the submission deadline of up to five, or exceptionally ten working days. They can make an extension request at any time up to 48 hours before the original deadline.
- 22.2 it is the student responsibility to submit an Extenuating Circumstance claim through the UCP- UCP-EXT001 Higher Education Extension Request Procedure www.ucp.ac.uk/policies

23 Long Term Extension Request

- 23.1 Exceptionally, and only in very serious circumstances, it is possible for a student to seek an extension which is over the normal ten days. The same process for requesting such an extension applies but the Student Adviser is required to consult the HE Manager. Long-term extensions are designed to help students deal with extreme situations and are only granted in very rare circumstances. As with normal extensions, academic staff are not permitted to agree to long-term extensions.
- 23.2 it is the student responsibility to submit an Extenuating Circumstance claim through the UCP- UCP-EXT001 Higher Education Extension Request Procedure www.ucp.ac.uk/policies

24 Extenuating Circumstance Claims

- 24.1 UCP operates a process called 'Extenuating Circumstances' for each round of assessment that takes place. A student can submit a claim for Extenuating Circumstances with the Student Adviser within 5 working days of an assessment due date if they believe that there are serious sudden and unforeseen circumstances which were beyond your control, e.g. illness, which either:
- a) prevented you from undertaking an assessment task, e.g. you were unable to attend an examination, give a presentation or submit a coursework assignment; or
 - b) impaired your performance when undertaking an assessment task, e.g. you became ill during an examination.
- 24.2 it is the student responsibility to submit an Extenuating Circumstance claim through the UCP- ASS006 Higher Education Extenuating Circumstance Procedure www.ucp.ac.uk/policies . UCP is required to schedule an Extenuating Circumstance panel meeting once per month to consider the requests submitted by students.

PART 6: MARKING, MODERATION AND PUBLICATION OF RESULTS

25 Marking of Unit Assessments

- 25.1 The following principles must be adhered to:
- all items of assessment are subject to anonymous marking wherever possible. In cases where this is not possible double marking is adopted i.e. student presentations.
 - the Major Project is subject to unseen double marking.
 - all items of assessment (including those for level 4 units) are subject to internal moderation.
- 25.2 The relevant HE Manager is responsible for identifying adequate numbers of markers and that such staff are properly briefed and trained.
- 25.3 It is recognised that different disciplines lend themselves to different styles of marking and annotation of student work and examinations. UCP does not set a generic policy on how student work is annotated (e.g. comments written at various places throughout a piece of work, colours of pen used etc.); such approaches are determined at departmental level, usually based on norms in the subject area and the assessment method being used. However, it is a minimal requirement

that a summary piece of feedback is provided on all work which relates to the achievement of learning outcomes and refers to the assessment criteria.

25.4 Where an assignment indicates a prescribed word limit, students are advised to work within these parameters., The following items are excluded:

- abstracts;
- data;
- tables;
- figures;
- diagrams;
- in-text references/citations (e.g. "(Baxter 2016: 73-84)")
- footnotes/endnotes used for reference purposes and kept within reasonable limits;
- list of references and/or bibliography;
- appendices.

25.5 Where coursework is submitted late and there are no accepted extenuating circumstances it will be penalised in line with section 20. Marking tutors must not adjust any marks entered onto ProMonitor. The original mark must be entered and the late submission recorded by ticking the assessment element late penalty flag. The late penalty will be applied by the system.

26 Marking Standards

26.1 A piece of written work may be penalised if:

- the handwriting is difficult to read;
- there are multiple crossings out;
- the layout causes an unacceptable degree of confusion;
- misspellings interfere with communication or are the result of consistent carelessness and failure to check adequately work submitted;
- sentence structure is inappropriate to the content and the word order interferes with understanding;
- punctuation causes confusion for the reader as to the perceived meaning of the sentence;
- style is inappropriate to the subject matter (e.g. use of slang terms, excessive formality or informality);
- the text lacks cohesion and coherence.

26.2 Marking Schemes are used at unit level to inform the first marking and internal and external moderation of each item of assessment. Marking schemes identify the knowledge and skills which students must demonstrate to achieve the learning outcomes of the unit and are used to calculate the total mark to be awarded for an individual item of assessment.

27 Anonymous Marking

27.1 Student should put their SID within the header section of documents, not their name. Assessments at all levels are normally marked anonymously by the first marker(s). This means that student work will be identified by SID numbers, not by name. Where anonymity is not possible, assessments are subject to double marking. In such cases, the second marker(s) knows the marks awarded by the first marker(s).

27.2 Since anonymity cannot be maintained, all student presentations are assessed in front of at least two members of staff either by another lecturer attending the presentations or by assessing marks based on recordings.

28 Internal verification of assessment decisions

- 28.1 First markers complete Internal verification of assessment decisions Form (see Appendix 5), attach it to the sample of student work along with the overall mark list and marking scheme, and provide this to the designated internal moderator.
- 28.2 The first marker selects a sample for internal moderation which:
- Every Assessor
 - Every unit
 - Work from every assignment
 - Every assessment site (for multi-site centres)
 - Pass, Merit and Distinction achievement (a student who has not yet achieved or a referred student is also a valid selection).
 - takes account of any support required by the HE Manager for new and/or inexperienced first markers.
- 28.3 Once the internal moderator has agreed the marking standards of the sample provided, they sign the Internal verification of assessment decisions Form (see Appendix 5) to confirm this and then forwards the complete bundle to the Unit Leader.
- 28.4 The internal moderation process should lead to an agreed set of marks. Where agreement cannot be reached, the matter is referred to the HE Manager. The HE Manager can:
- Refer all student work to be second marked (in cases of significant discrepancy between first marker and internal moderator);
 - Refer the batch to a third marker who will determine the final mark in consultation with the relevant External Examiner.
- 28.5 Once the unit marking is confirmed the Unit Leader enters results onto ProMonitor. Course Leaders must audit at least 10% of the marks input on ProMonitor against internal moderation records. The deadline published by the Academic Office must be adhered to.
- 28.6 Marks entered during the marking and moderation period are hidden from students on ProMonitor. The Academic Office is responsible for restricting students access until results are approved after the Award Board. Provisional marks (i.e. those that have been internally moderated but not yet ratified by an Award Board) which are disclosed to a student, should clearly state that the marks are not confirmed and could change. Assessments must go through the moderation process prior to any release of confirmed marks.
- 28.7 Marks are entered and codes applied in ProMonitor to record late submissions, academic offence penalties or non-submission of an assessment element. These outcomes will be confirmed to students on ProMonitor following the Award Board meeting.

29 External Moderation of Scripts

- 29.1 External examination usually takes place through an annual visit, although additional visits may be put in place. The EE will agree a date for the remote visit with the Academic Office and Course Leader during the academic year.
- 29.2 The minimum sample will always include no fewer than 3 units. The sample will always include mandatory core units, and the EE will sample different units to those sampled in the previous academic year, unless recommendations or essential actions were previously identified for specific units.
- 29.3 Course Leaders will provide external moderation sample packs of coursework to the Academic Office by the internal deadline agreed in the secure electronic Academic Office course file (with evidence of internal moderation). This file is protected and only accessible to Course Leaders, EEs, UCP Academic Office and HE Managers.
- 29.4 The external moderation sample includes:

- a full schedule of all marks achieved by all students registered for the unit, clearly indicating which examples of work have been included in the sample;
- the relevant Unit Specification;
- the Generic Assessment Criteria and Marking Standards/marketing scheme for each assessment task;
- The Internal Moderation Form;
- Sample size as requested by the EE;
- the assessed work covering the full range of marks identified within the final marksheet (covering borderlines, pass, fails and distinctions);
- includes The EE is likely to want to include assessments that have been resubmitted;
- work submitted by any IEG staff member studying on the programme;
- covers all markers;
- addresses any external requirements such as those of Professional Statutory Regulatory Bodies.

29.5 The moderation sample will be stored securely on a restricted access drive by the Academic Office and EEs given access to moderators by the Award Board deadline.

29.6 Assessments scripts which have not been externally moderated will be securely stored by the Course Leader until the date the awarding bodies have notified it can be released.

29.7 An EE may propose to the Award Board that, based on their sample moderation:

- all marks for a particular assessment task are moderated up;
- all marks for a particular assessment task are moderated down;
- all marks for a particular assessment task are re-marked due to inconsistencies in the marking process (in such cases, the EE provides guidance on the issues that need to be addressed when the re-marking occurs).

29.8 The Award Board cannot agree to moderate the marks of individual candidates unless the EE has moderated all assessed work for all candidates.

29.9 Course Leaders are expected to discuss with Unit Tutors feedback on assessment provided by the EE at the Award Board and in the annual EE Report.

30 Archiving of Students' Assessed Work

30.1 Course leaders should maintain a securely held archive of sample marked student work that is representative of the range of assessment tasks and grades awarded, for the purposes of quality audit, staff induction and development, and monitoring and benchmarking of standards. The sample should be retained in line with the HE Data Retention Schedule.

31 Academic Misconduct

31.1 UCP will fully investigate all cases of suspected assessment offences. Any assessment suspected of contacting an academic offence must be referred through the process outlined in the UCP-ASS004 Higher Education Academic Misconduct Policy www.ucp.ac.uk/polices.

32 Award Boards

Principles

32.1 Every programme of study leading to an award must have an Awards Board.

32.2 Award Boards consider the academic progress of individual students. The performance of unit assessment and teaching is discussed.

32.3 The Award Boards which include representation from the appropriate awarding body.

32.4 The date for all formal meetings scheduled at UCP is published 12 calendar months in advance.

- 32.5 Members are responsible for ensuring that appropriate academic standards are set for all assessed work for units/units within their remit (including consideration of mean marks, standard deviation, and comparisons with student achievement in previous years and/or assessment periods).
- 32.6 The responsibility of the Award Board is to:
- a) Review of formal presentation of unit mark sheets.
 - b) Ensure that assessment and feedback is purposeful and supports the learning process.
 - c) Consider the appropriateness of mark ranges in the context of anticipated or normative mark standards and to moderate where appropriate.
 - d) Consider and approve unit/unit results and the award of the associated credit to determine for a student who has failed a unit/unit at the first attempt the form and timing of re-assessment on the following basis.
- Either:
- i. The form of re-assessment is normally a resit of the failed elements.
Exceptionally, an alternative method of re-assessment is provided e.g. where the original method of assessment can no longer be repeated for an individual student.
- or
- ii. The re-assessment is undertaken after further attendance (where deemed necessary in view of the subject area e.g. laboratory work for a science-based subject).
- e) Identify those units/unit for which incomplete marks have been submitted for referral to the Panel for action, where appropriate.
 - f) Receive reports from the Pre-Student Review Panel (which considers the following)
 - i. Extenuating Circumstance Panel
 - ii. Academic Misconduct Panel
 - iii. Academic Appeals Information (pertinent to the board)
 - g) Confirmation and Recommendations for Progression.

Attendees

- 32.7 Attendees include:
- a) Chair – a senior member of staff, someone independent of the programme/subject area being considered
 - b) Secretary to the Board (Academic Officer (or equivalent))
 - c) Unit Leaders
 - d) Tutors responsible for teaching or assessing
 - e) External Examiner(s) for each programme being considered at the board
 - f) Awarding Body Representative (for OU and ARU awards only)
- 32.8 The following members must attend for the decisions of a meeting to be valid unless unforeseen circumstances exceptionally prevent attendance. In which case, appropriate alternative arrangements should be made in advance of the meeting:
- a) One representative from each Faculty.
 - b) 50% of the Unit Leaders (or their named substitute) whose units are under consideration.
 - c) Awarding body representative.
- 32.9 Members will be asked to declare any interest that could give rise to conflict in relation to any item on the agenda at the beginning of the meeting. All interests disclosed will be recorded in the minutes. If the Chair of the meeting deems it appropriate, the member shall absent himself or herself from all or part of the discussion of the matter.

- 32.10 If the quorum is not achieved within 15 minutes of the formal start time of the meeting as indicated on the agenda, then the meeting can either be dismissed by the Chair or carried out on an informal basis. If a meeting is not quorate, decisions are not valid. Recommendations of inquorate meetings can, however, be ratified at the next quorate meeting.
- 32.11 At every meeting attendance shall be recorded, and all proceedings minuted. The minutes, once verified provisionally by the Chair of the Academic Board, are circulated to members and a copy held by the Academic Office.

Agenda

- 32.12 The Chair ensures that the Award Board acts in accordance with its Terms of Reference and that it does not make decisions when it is inquorate.
- 32.13 All Award Boards must include the following standard agenda items:
- a) Welcome and apologies
 - b) Confirmation that the Panel is quorate and therefore able to take decisions
 - c) Declaration of Conflict of Interest
 - d) Confirmation of the minutes of the previous meeting
 - e) Confirmation that students have taken units/units that lead to the qualifications under the jurisdiction of the Panel
 - f) Matters arising from the minutes of the previous meeting
 - g) Details of any Chair's Actions taken since last meeting
 - h) HE Course Leader/ Unit Leader presentation of unit mark sheets and report on delivery and assessment of each unit to include where appropriate;
 - I. the grades achieved by students on the individual units/units
 - II. Complaints pertinent to the proceedings of the board
 - i) Comments from External Examiners on the appropriateness of assessment, marks and standard of feedback
 - j) Consideration of any proposed moderation of marks for individual assessment tasks (not individual candidates), based on advice from the relevant External Examiner
 - k) Confirmation from the External Examiners that the standard of any awards to be made is comparable with that of similar awards elsewhere
 - l) Review of recommendation form the Pre-Student Review Panel:
 - I. Academic Misconduct cases
 - II. Academic Appeals cases
 - III. Referrals and deferrals
 - IV. Progression of students on to the next stage of the programme
 - m) Approval of recommendations for progression.
 - n) Reminder that discussions and decisions taken at the Panel are confidential
 - o) Any other business
 - p) Date of next meeting confirmed
 - q) Collection of confidential papers by the Secretary to the Board (or information about deleting documents where board held remotely)
 - r) Signing of Award Recommendation paperwork – conducted by email for remote meetings

Preparation – Data and Documentation

- 32.14 The Academic Office publishes the deadline for all internally moderated marks to be entered on to ProMonitor. This is the Monday of week 16 and week 33 and week 43 for resits of the Academic Office calendar. After this date, results on Promonitor are closed to staff for editing.
- 32.15 The Academic Office staff exports the marksheet report from ProMonitor. This is done from the Promonitor reporting screen and provides the Panel with performance data by unit.

Post meeting

- 32.16 The Academic Office keeps a formal record of the attendance at, discussions held, and decisions made at the meeting. Decisions regarding student achievement must be recorded accurately in the minutes of the meeting.
- 32.17 Following an Award Board all decisions and any mark amendments are updated on ProMonitor by the Academic Office staff.
- 32.18 Draft Award Board minutes are produced within 5 working days of each meeting and sent to members and the Academic Office.
- 32.19 Award Board minutes must be confirmed and approved at each subsequent meeting.
- 32.20 Where a decision is being deferred the reason must be fully minuted.
- 32.21 Deferred decisions must be resolved within 30 working days of the date of the Award Board. A decision must be made based on the information available at that time.

Communication of decisions to Students

- 32.22 Unit marks and progression decisions will be published by the Academic Office and made available for students to view after the meeting of the Award Board.
- 32.23 Students are informed if they have failed a summative assessment submission on Promonitor. If eligible, they are informed of the deadline date a second submission is due on Promonitor. Assessment tasks are posted on Canvas by the Unit Leader. It is the student's responsibility to check their assessment results and read published guidance.

PART 8 UNIT RESULTS AND PROGRESSION DECISIONS

33 Failure of a unit

- 33.1 If a student has failed to satisfy the minimum pass criteria for each learning outcome of the assignment, they will be awarded a fail overall for the unit. There are two possible outcomes of this.
- 33.2 **1- A reassessment opportunity:** A student who, for the *first* assessment summative submission opportunity, has failed to achieve a Pass for that unit shall be expected to undertake a reassessment. The student must have submitted assessment the initial deadlines set in the assignment brief, met an agreed deadline extension, or has submitted work late that has been accepted.
- Only one opportunity for reassessment of the unit will be permitted.
 - Reassessment for course work, project or portfolio-based assessments shall normally involve the reworking of the original activity.
 - For examinations, reassessment shall involve completion of a new activity.
 - A student who undertakes a reassessment will have their grade capped at a Pass for that unit.
 - A student will not be entitled to be reassessed in any component of assessment for which a Pass grade or higher has already been awarded.
 - The resubmission must be undertaken by the student with no further guidance.
 - The original evidence submitted for the assessment can remain valid and be extended, or may need to be replaced partially or in full.
 - Students must resubmit work within 15 working days of being notified that a resubmission has been authorised. Arrangements for resubmitting the assessment should be conducted in such a way that does not adversely affect other assessments

and does not give the student an unfair advantage over others. Resubmission of the assignment may be conducted under supervised conditions, even if this was not necessary for the original assessment. For example, this may be necessary to ensure that plagiarism cannot take place.

33.3 **2- Retake a unit:** Where a learner undertakes a reassessment but still fails to achieve a Pass for the unit, they may be permitted to retake the unit, subject to Examination Board approval. In these instances, the student will be required to repeat the unit. When repeating a unit:

- The student must enrol study the unit again;
- The overall grade for a successfully completed repeat unit is capped at a Pass for that unit;
- The student must not have exhausted the maximum number of opportunities a student has to repeat a given unit or the maximum number of repeat units that would be allowed within a programme (see section 28)
- The standard rules regarding assessment, including those stipulated in this guide, apply to
- students who are repeating units, although the assessments that they submit will be treated as first submissions
- Any evidence previously produced by the student for the unit being repeated that did meet the Pass
- Criteria remain valid and may be used for assignments within the repeat unit. Students who are repeating a unit only need to generate evidence for any Pass criteria that they did not achieve in their previous submissions.

33.4 A denial of a retake opportunity due to disciplinary reasons can be applied by Examination Boards (for example, where students have received disciplinary warnings, where they have not met attendance requirements or where they have failed to submit assessments).

33.5 Where a student has been unable to complete assessment requirements or performance has been affected by circumstances such as illness, and where there is written evidence to support this, the Award Board may permit the student to undertake some or all of the assessment, for some or all of the units comprising the stage, at a later date and as though for the first time. Such a student who has met the minimum requirements for progression to the next stage of the programme, may be permitted to proceed to the next stage and simultaneously undertake the deferred assessment, as though for the first time.

33.6 Reassessments and resits must not be actioned by Course Leaders or teaching staff until they have been approved by the Award Board. The Award Board will specify which elements of assessment the learner is required to resubmit and the date by which the work has to be submitted. Marks already obtained for elements of assessment which the learner is not required to resubmit will be carried forward unless the Examination Board specifies otherwise.

33.7 Deadlines for reassessments and resits must be set and clearly communicated to learners and published on ProMonitor. Course Leaders must inform learners of the rules regarding resubmissions and ensure that learners are familiar with the [UCP-ASS005 Higher Education Academic Appeal Policy](#) available from www.ucp.ac.uk/policies.

34 Conditions for progression

34.1 The Award Board makes a formal annual progression decision for all students. A student progresses from one level or year of study to the next of the course for which they are registered, provided they continue to enrol for the units selected from within the prescribed set of core, specialist and optional units for their course, satisfy any prerequisites or other academic

requirements for unit enrolment and meet the requirements for progression set out in this section.

34.2 In order to progress from one level or year of study to the next, a student who has failed unit(s) must;

- Be in a position to recover any failure.
- Not have failed a unit more than once (and after resubmission attempts are exhausted).
- Not have failed 30 credits or more.

35 Discontinuation of studies

35.1 An Award Board is authorised to terminate a student's studies for the following reasons;

- The student has exhausted the total number of attempts as set out in section 33 and 34.
- Major academic irregularities see [UCP-ASS004 Higher Education Academic Integrity Policy](#) available from www.ucp.ac.uk/policies

35.2 A student is discontinued when it is no longer possible to continue to study towards the intended award (e.g. the student has failed re-take units or does not meet the progression criteria above). Students concerned about their progress should discuss this with their personal tutor and also use the extenuating circumstances process outlined above. It should be noted that in order to pass the qualification, students are required to achieve ALL units.

36 Compensation provisions for the HNC

36.1 Students can still be awarded an HNC if they have not achieved a Pass in one of the 15 credit units completed, but have completed and passed the remaining units.

36.2 Where a learner has met the agreed minimum requirement for progression from HNC, but still has some assessments outstanding (for example, because of Mitigating Circumstances or failure to submit by the deadline), the student would normally be expected to complete those reassessments before the start of the next academic year. Where this is not possible, a learner may be allowed to progress onto HND Level 5, provided that the outstanding work is resubmitted by the deadline specified by the Award Board.

37 Compensation provisions for HND

37.1 Students can still be awarded an HND if they have attempted but not achieved a Pass in one of the 15 credit units completed at Level 4 and similarly if they have attempted but not achieved one of the 15 credit units at Level 5. However, they must complete and pass the remaining units for an HNC or HND as per the unit rules of combination of the required qualification.

38 Calculation of the overall qualification grade

38.1 To achieve a Pearson BTEC Higher National Certificate qualification a student must have:

- Completed units equivalent to 120 credits at level 4;
- Achieved at least a pass in 105 credits at level 4.

38.2 To achieve a Pearson BTEC Higher National Diploma qualification a student must have:

- Completed units equivalent to 120 credits at level 5;
- Achieved at least a pass in 105 credits at level 5;
- Completed units equivalent to 120 credits at level 4;
- Achieved at least a pass in 105 credits at level 4.

38.3 The overall qualification grade for the HND will be calculated based on student performance in Level 5 units only.

38.4 All units in valid combination must have been attempted for each qualification. The conditions of award and the compensation provisions will apply as outlined above. All 120 credits count in calculating the grade (at each level, as applicable).

	Points per credit		Point boundaries
Pass	4	Pass	420-599
Merit	6	Merit	600-839
Distinction	9	Distinction	840 +

INTERNAL VERIFICATION – ASSIGNMENT BRIEF			
Programme title			
Assessor		Internal Verifier	
Unit			
Assignment title			
Is this assignment an authorised assignment brief published by Pearson?			Y/N
If yes, has it been amended by the centre in any way? Please give details.			
INTERNAL VERIFIER CHECKLIST		Comments	
Is the qualification title, unit title and unit number accurate?	Y/N *		
Is the submission date achievable in relation to the issue date of the assignment?	Y/N *		
Is the vocational scenario appropriate, sufficient and current?	Y/N *		
Does the assignment cover all unit assessment criteria? If not, which LOs/AC are being assessed?	Y/N *		
Is the mode of assessment appropriate for achieving all grades and LOs/AC identified?	Y/N *		
Is the language and presentation of the assignment appropriate?	Y/N *		
Comment on the appropriateness of the assignment guidance for the level of the unit			
Overall, is the assignment fit for purpose?	Y/N *		
Identify any essential actions for change to the assignment			
Summarise any good practice that you identify in the assignment			

*If the Internal Verifier recommends remedial action before the brief is issued, the Assessor and the Internal Verifier should confirm that the action has been undertaken below.

Unit:			
Assignment number and title:			

Plagiarism

Plagiarism is a particular form of cheating. Plagiarism must be avoided at all costs and students who break the rules, however innocently, may be penalised. It is your responsibility to ensure that you understand correct referencing practices. As a university level student, you are expected to use appropriate references throughout and keep carefully detailed notes of all your sources of materials for material you have used in your work, including any material downloaded from the Internet. Please consult the relevant unit lecturer or your course tutor if you need any further advice.

Student Declaration

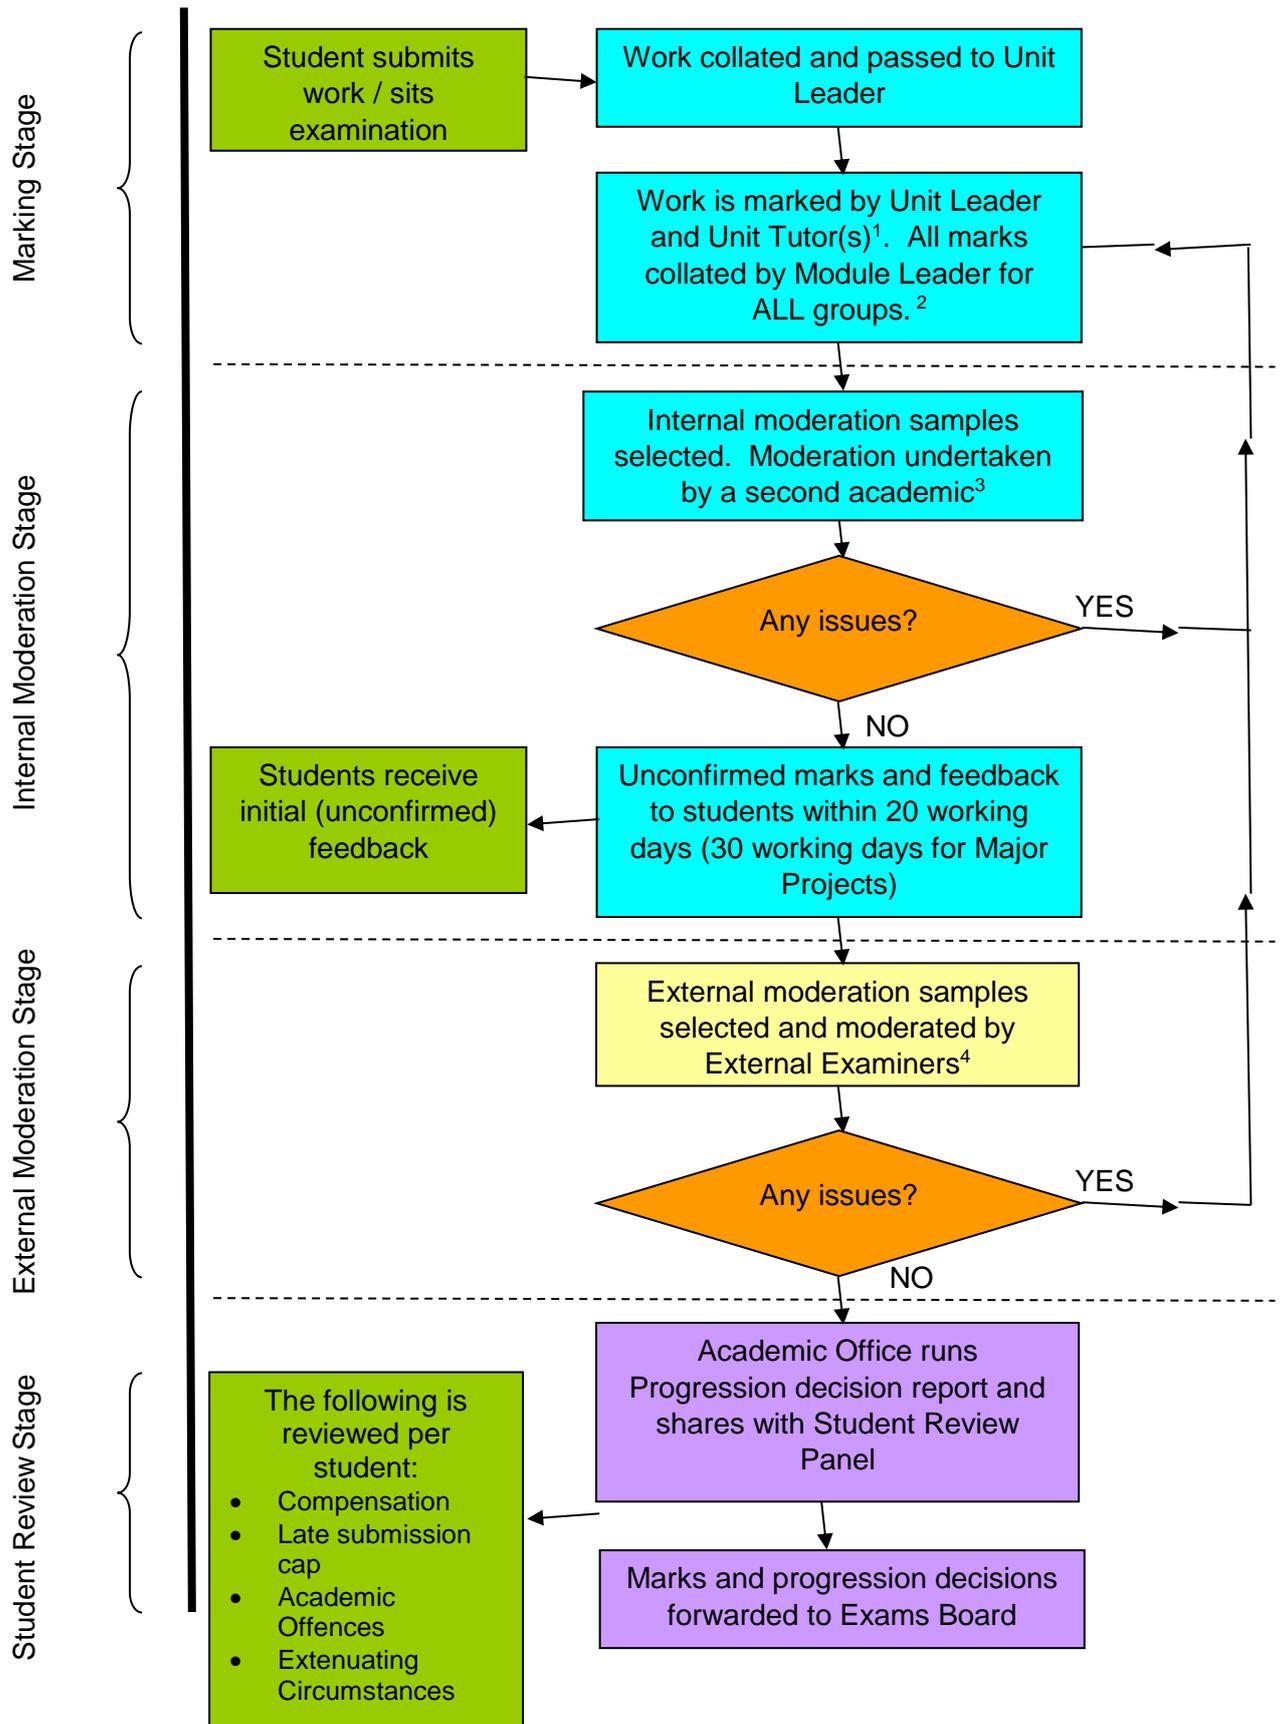

Student declaration

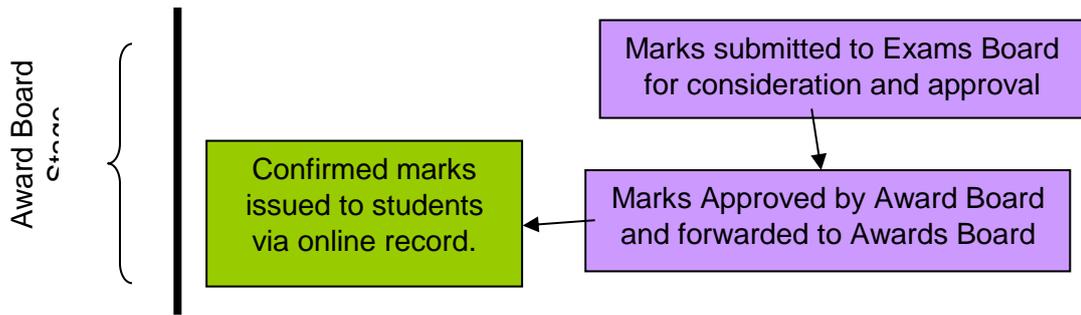

I certify that the assignment submission is entirely my own work and I fully understand the consequences of plagiarism. I understand that making a false declaration is a form of malpractice.

APPENDIX 4: Flowchart of UCP's Marking Processes

All work is marked anonymously or double marked where identity of the student is known (e.g. in a presentation)
 The internal (and external) moderation process compares work from all groups where the module is delivered more than once
 The sample for the internal moderation process comprises a minimum of eight pieces of work or 10% (whichever is the greater) for each marker and covers the full range of marks
 Modules at levels 4, 5, 6 and 7 are subject to external moderation. The sample for the external moderation process comprises a minimum of eight pieces of work or 10% (whichever is the greater) for the entire module and covers the full range of marks
