Chairman's Message

Dear friends,

As we reflect on another year, I find myself once again, inspired by your generosity and kindness. The last year has been full of challenges, as we saw continued suffering in Gaza like never before, and in many other places including Yemen, Sudan and Pakistan.

Among dark and uncertain times, your support and unwavering commitment has been a beacon of hope, saving and rebuilding lives, reminding those in need that they have not been forgotten. This Ramadan, I sincerely ask you to support us once more, aiming to uplift and transform some of the world's most vulnerable communities.

Since October 2023, we have witnessed relentless suffering in Gaza, where over 100,000 people have been killed. Almost all of Gaza's 2 million population has been displaced, battling the seasons in overcrowded camps that offer little protection. Your ongoing support has enabled us to provide life-saving food, healthcare and essential aid by working with key partners on the ground.

In the last year, we also witnessed catastrophic flooding in Pakistan - the worst the country has ever witnessed. Your support enabled us to conduct rescue missions and provide shelter, food, clean water and healthcare to those who have lost everything.

This Ramadan, your support has the power to bring light to those trapped in darkness, and to save and transform lives.

With Gratitude,

Abdulrazzaq Sajid

MAKE M(WITH YOUR ZAKAT)IVE MERCY

Ramadan brings us opportunities to connect deeply with Allah (swt), with our communities, and with those vulnerable and suffering around the world.

We focus on Zakat this month, and often think of it as something static - a duty to be fulfilled. However, Zakat is something that moves. It transforms communities, and enables mercy to flow, rebuild, inspire, protect and feed.

Giving Zakat moves mercy from your hearts to the hearts of those suffering around the world. It allows clean water to be provided to the thirsty, food to tackle hunger, lives to be uplifted, orphans to be protected and those suffering in war to be saved, safe and never alone.

When mercy moves through your Zakat, poverty falls. Your Zakat has the power to give communities education, sustainable livelihoods, nutritious food, restored eyesight, healthcare, clean water and so much more.

Your Zakat can help us do so much for those in need.

2 billion people around the world do not have access to clean drinking water nearby.

They have no option but to walk for miles each day to the nearest water source, which is often contaminated and harmful. Hundreds of thousands of people each year, lose their life to preventable diseases caused by dirty water.

GAZA: THIS IS WHERE YOUR ZAKAT BRINGS RELIEF UNDER FIRE

Since October 2023, we have witnessed the biggest and most catastrophic attack against the people of Gaza, in its history.

The violence has been beyond our imaginations, resulting in the death of almost 100,000 people including children and babies. Almost all of Gaza's 2 million has been displaced and are living in temporary, overcrowded shelters and tents.

Alhamdulillah, we have been working in Palestine since 2014 and through meaningful partnerships, are able to carry out large scale distributions in Gaza, delivering vital aid to hospitals and the people of Gaza.

How are we able to deliver aid into Gaza?

Despite a robust blockade and restrictions, Al Mustafa Welfare Trust is working with agencies who have extensive experience and special permission to deliver aid into Gaza.

The Egyptian Red Crescent have direct access to Gaza, with permission to access the area with trucks. The Royal Hashemite Trust are licensed to use their military planes to fly aid directly to the Rafah border, which will then enter Gaza through trucks. As the aid is going more often we have now established relations which enable us to deliver within Gaza too.

500 FAMILIES FREED FROM BONDED LABOUR

24.9 million people around the world are trapped in bonded labour. This type of modern slavery affects millions of people in Pakistan, who are forced to work to pay off a sudden debt.

They work for hours on end each day with little or no pay, while their loan grows in interest. This makes it almost impossible for people to ever free themselves, and the cycle of bonded labour continues as the debt moves from generation to generation.

People are working in dangerous situations such as operating kilns, and are often working painfully long days with no breaks, which are having catastrophic impacts on their health. This Ramadan, make mercy move and allow your Zakat to break the cycle of bonded labour. You can help free a family trapped in modern slavery.

FIDYAH & KAFFARAH

FIDIYAH

Giving Fidyah is a beautiful way to reap the blessings of Ramadan even if you are unable to fast. If you have a valid reason for not fasting and know you will not be able to make up the fasts at a later date, Fidyah should be paid, providing two meals for a person in need. Fidyah costs £6 for each missed fast, and for the whole month of Ramadan, Fidyah is £180.

£6 per fast and £180 for whole month.

KAFFARAH

Kaffarah must be paid if you knowingly miss or break a fast in the month of Ramadan without a valid reason. Kaffarah for a single missed fast in this way is that the individual should fast for 60 days in a row. Failing that, Kaffarah can be paid by feeding 60 poor people. With Al Mustafa Welfare Trust, this is calculated at £6 per person, which is the cost of an average meal in the UK.

This amounts to £360 kaffarah for each fast that has been missed or broken without a valid reason.
