2022 EHSAN RAMADHAN

Alhamdulillah, we were given the blessed opportunity to witness another Ramadhan. With it, we have carried out our **Ehsan Ramadhan 2022 campaign** with much success, with the execution of multiple projects all around the world. This includes projects such as Food Aid Distributions, Iftar Meals, Zakat, Wakaf, Eid Gifts and much more.

With the continuous support and generosity of our GER community as well as the hard work of our teams and partners on the ground, Global Ehsan Relief provided relief to more than 80,000 people from 30 countries worldwide!

In the holy month, Food Aid and Iftar Meals are the most crucial aid that we can provide to struggling families who are fasting yet are struggling with food daily. For the Muslims who are living in war-torn communities - those living away from home, in camps, are deprived of basic necessities. After years and years of conflict, they have experienced their share of suffering.

RAMADHAN IN NUMBERS

Thank you for remembering the less fortunate this Ramadhan.

In total, we distributed nearly **55,000 sets of Iftar Meals** and **4,700 Food Aid Packs**, that would last the families for the entire month.

RAMADHAN PROJECTS

RAMADHAN FOOD AID PACK

We provided aid to the poorest and most needy all over the world, this Ramadhan. The purpose of the Food Aid distribution is to help people who are vulnerable to food insecurity in preparing their meals in Ramadhan.

Among these communities were widows and orphaned families of Rohingya refugees living in Cox Bazar, Bangladesh, who had no one to rely on for their necessities. Over in Africa, we provided Food Aid packs to the poorest countries in the world, such as Benin, Central African Republic and Niger.

This Ramadhan, we also touched the lives of those living in rural communities. Our GER Indonesia team facilitated the distribution of 200 Food Aid packs to residents in Kampung Blang Dalam, Aceh Jaya. Located more than 50 kilometres from the nearest main road, the village is extremely isolated and underdeveloped.

More than 90% of the village's population work as daily paid farmers on a palm plantation. Surrounded by palm trees, the village is extremely dry and has a higher temperature as compared to the other villages. It was the first time the village received Food Aid packs that would last them an entire month, and they were extremely grateful for it.

IFTAR MEALS

A total of 34,600 Iftar Meals were given out for Iftar throughout the month of Ramadhan. Our teams and partners on the ground travelled to rural and low-income areas, as well as refugee camps to provide meals for the refugees, poor and needy of each country. For our Iftar Meals distribution in Gaza, we provided aid to Palestinian refugees who have suffered so much. Hundreds of orphaned families were given sumptuous Iftar Meals. These Palestinian orphans have lived through a blockade for years and suffered through so much.

Our Iftar Meals brought a smile to their faces and a life-saving meal for them. Additionally, our Iftar Meals have helped to keep Syrian families alive by providing them with a meal to break their fasts with. After so much devastating news in the media, GER aims to provide our Ummah with some hope - by caring for them during Ramadhan.

MASJID / MADRASAH IFTHAR MEALS

We also introduced our newest Ramadhan project this year - our Masjid / Madrasah Iftar Meals project, where we aimed to provide iftar meals for 100 congregants at a Masjid or Madrasah throughout the blessed month. Our GER teams on the ground facilitated the Masjid Iftar Meals that were provided to the congregants present. Villagers gather at the mosques for iftar every night and thanks to the donation of our GER community, they were able to break their fast and put their heart at ease, knowing that their meals were provided for. Additionally, students from Madrasah Syababul, Selangor, Malaysia received our iftar meals during the last 10 nights of Ramadhan and were delighted to have their meals sponsored.

EID MEALS

Just the word 'Eid' brings a smile to the face of any Muslim during the last few days of Ramadhan. This Eid, we distributed 1,000 Eid Meals to migrant workers in Singapore, giving these individuals a hearty, festive meal of Briyani. For these migrant workers, they have not been home in two years and we were able to provide them a meal that they would usually not be able to enjoy under normal circumstances.

GLOBAL WAKAF PROJECTS

WAKAF BRAILLE QUR'AN DIGITAL

500 Wakaf Qur'an Braille were distributed to schools and learning centres for the visually impaired in Indonesia. These individuals have been learning to recite and understand the Qur'an but unfortunately, they have not been able to afford to obtain more copies of a Qur'an Braille which tend to be costly. Thus, the students had to rely on the schools' limited resources.

Insya-Allah, this will benefit them for years to come and make it easier for them to recite and learn His beautiful verses.

GLOBAL WAKAF PROJECTS

WAKAF QUR'AN

Sadaqah Jariyah is one of the most beautiful charities you can make as it benefits both the giver and receiver for a long time to come. And making sadaqah jariyah during Ramadhan multiples your rewards even more, making it even more meaningful and sought after. That is why our wakaf projects are ongoing even in the month of Ramadhan. 5,000 sets of Wakaf Qur'an were disbursed in eight different countries, distributed in rural villages, where the communities have limited or zero access to the Qur'an. Thanks to the donation of our GER community, these individuals are now able to learn and recite from a mushaf.

EHSAN PRODUCT

EHSAN AJWA DATES

In Singapore, we greeted Ramadhan with our yearly Ehsan Ajwa Dates sale. A total of 500 boxes of premium Ajwa dates from Makkah were purchased by the public and given out as gifts to our beneficiaries and donors.

Dates are essential for a Muslim household during Ramadhan. Ajwa dates in particular are much sought after due to their quality, and because they were a favourite of our beloved Prophet Muhammad S.A.W.

Through our Pay it Forward Sponsorship, most of the boxes were distributed to our beneficiaries to make their iftar and sahur meals sweeter. The beneficiaries included orphaned families, elderly, and those in need.

OUR TESTIMONIES

As part of our Iftar for Orphaned Families project, our Singapore team had the pleasure of having an iftar with Mdm Hikmah and her three sons. Her husband passed away last year, just a week before Eid. Mdm Hikmah was left to care for their 7 children, of which only four currently live with her.

It was heartwarming to see the family decked in their new Eid clothing that they received. The kids were especially excited to receive the goodies and the popcorn that the team had gifted them. The little ones were so energetic and happy to have the team around for Iftar. Mdm Hikmah was very grateful for Global Ehsan Relief's assistance throughout the entire month of Ramadhan, especially the Iftar Meals and for spending Iftar together with the family.

OUR TESTIMONIES

Mr Sulaiman, 60, is our volunteer IC at Toa Payoh, where he volunteers everyday with his group of friends. He is blessed to have the support from his family and friends and cherish being able to serve the community, especially the residents at Toa Payoh.

He shared how last year, they encountered last minute walk-ins from the residents and there were no Iftar Meals left to be given. Alhamdulillah things are much better this year, with more Iftar Meals being distributed, benefitting more in the community.
