CARE FOR HUNGER

Total No. of Beneficiaries: 6,175
Meals: 3,500
Jumuah Meals: 100
Monthly Food Vouchers: 225
Food Aid Packs: 2,350

World hunger statistics are continuously rising, and in our efforts to combat it, we distributed 3,500 biryani meals in Sri Lanka. On top of meals, we also distributed food aid packs to help poor and needy families put food on their table for at least a month. This quarter, a total of 470 food packs were distributed.

To help tackle the rising food insecurity among the Gazans, we started two new projects: Jumuah Meals and Monthly Food Vouchers. Every Friday, 20 families (of 5 people) will receive a food platter large enough for them to share and enjoy. Since the project began, 160 hearty meals have been distributed for the beneficiaries to enjoy on the blessed day of Jumuah. Every month, 45 families will receive a voucher to pick and purchase their groceries and household needs. This way, each family can personally buy their items.

EHSAN EDUCATION FUND

This year, GER started the 'Ehsan Education Fund' to raise funds to support the operations of six schools. Through this fund, donors can ensure that about 700 underprivileged children are able to go to school with daily meals provided. Funds are also used for schools' refurbishment/construction, purchasing learning materials, teachers' salaries, building new facilities and more.

BACK TO SCHOOL

At the beginning of each school year, we carry out our Back to School project distributing school shoes, bags, uniforms, and learning materials to underprivileged children. In January, 150 sets of stationeries were distributed in Sri Lanka while 2 sets of school uniforms and Al-Qur'an were given to students in need in Malaysia.

Clean water is a vital lifeline for the poor living in rural areas. Without the means to construct the proper facilities, poor communities live without easy access to clean water. Instead, they would have to walk long distances to the nearest clean water source. Our Care for Clean Water projects serve as a solution for their daily water needs.

February saw the opening of our newest mosque in Cambodia. It is located in Poun Thmey village in the Kampong Cham province. The small mosque, powered by solar panels, was built to accommodate around 200 people.

A new school was recently built in Cambodia to accommodate 150 students. Prior to the construction of this school, the students have had to walk a little further to the next village in order to get to school. Alhamdulillah their journey to school is now eased.

A total of 257 wakaf Qur'an sets were distributed in Cambodia and Indonesia. 100 of which were donated to the local mosque of Kampong Youl village in the Takeo province. The other 157 were donated to mosques around Aceh, Indonesia.
