

2023 QURBAN REPORT

Your Sacrifice, Their Blessings

"It is neither their meat nor their blood that reaches God, but it is the piety from you that reaches Him." Qur'an 22:37

Introduction	02	Your Qurban Impact	07
Qurban Achievements	03	Qurban For Orphans	20
Country List	04	Qurban For Refugees	23
Importance of Qurban	05	Prophetic Qurban	26
Qurban Process	06	Aqiqah	28

Since our first year of operation, we've been delivering Qurban/Qurbani to fulfill a religious obligation for our donors and supporters and to ensure the poorest people in impoverished communities have access to a nutritious staple in their diets.

This Eid Al Adha, the aim was to ensure that all vulnerable families we serve had access to nutritious meals - particularly meat - so that they too can enjoy Eid just as we do.

We understand how important a nutritious diet is and that's why we strive to alleviate poverty whilst building legacies for those who wish to create impact in this life, and something beautiful for their akhirah.

The Qurban campaign is the perfect opportunity to do that for donors and for the most vulnerable people around the world. Here at Global Ehsan Relief, we launched our annual Qurban Relief with the aim of providing much-needed aid to these communities in need, while helping our donors fulfil the sunnah of Qurban.

This year, our aim was to distribute as many deliveries of meat as we possibly could. Together with our Qurban Relief campaign this year, we also launched our special **Qurban packages** :

1. **Qurban For Orphans** Qurban meat plus Food Aid Packs for orphaned families in Aceh
2. **Qurban For Refugees** Qurban meat plus for Syrian, Palestinian and Rohingya refugees
3. **Prophetic Qurban** Encouraging people to do an extra Qurban on behalf of the Ummah after fulfilling their own, as the Prophet S.A.W. himself did

Our Qurban Relief 2023 was a huge success – with over 3500 animals sacrificed.

As a result of your generosity, we were able to share the blessings of Eid ul-Adha with **over 376,000 beneficiaries in 35 countries** worldwide. Your qurbani provided them with fresh meat for them to enjoy nutritious meals on the blessed Eid days, alhamdulillah.

From Aceh, Indonesia to Syria, from Malawi to Myanmar. This Eid Al Adha, together, we made an impact in 35 countries around the world.

YOUR QURBAN RELIEF THIS YEAR REACHED **376,590** PEOPLE

2,071

PURPOSE

On top of fulfilling a valued sunnah, Qurban helps provide the neediest communities with fresh and nutritious meat. The Qurban season also helps to support economies in impoverished countries, as many of the local farmers rely on their earnings from the sale of livestock to sustain them for months to come.

EXPECTATIONS

Our target was to implement Qurban in 35 countries this year, all across Asia, the Middle East, and Africa.

We especially focused on providing Qurban aid packages to orphaned families and refugees.

BENEFITS

By performing the sunnah of Udhiyyah (sacrifice), which is highly encouraged, not only do you gain immeasurable rewards in the Hereafter, you also help to feed impoverished communities all around the world. By doing the Prophetic Qurban, you've also doubled your rewards and ensured that even more people receive the gift of food this Eid.

We work with trusted partners around the world to ensure that your Qurban is done in accordance with Syariah and best practices.

01

1. SELECTION & PROCUREMENT

Our teams and partners in each country visit local farms a few days prior to Eid ul-Adha to select the livestock that will be slaughtered. They examine the animals and ensure that only the healthiest animals that match the requirements for Qurban are chosen.

2. SLAUGHTER & PACKAGING

The animals are sacrificed at local mosques, courtyards or slaughterhouses by experienced personnel who adhere to Islamic guidelines. The meat is then weighed and packed into 2-3 kg packets for distribution.

02

03

3. DISTRIBUTION

The packed meat is then delivered to the beneficiaries' villages or camps, and distributed accordingly. Our beneficiaries include the poor, needy, orphans, widows, refugees, IDPs (internally displaced peoples) and the elderly.

ASIA

Asia is home to the greatest number of undernourished people at 418 million. The majority of them are from rural areas, where poverty is rampant and access to nutritious food is difficult.

This year, your Qurban donations helped to feed beneficiaries in **nine Asian countries**. The largest Qurban program in the region took place in India's eastern region of Bihar. The Qurban benefitted more than 92,400 beneficiaries there with fresh Qurban meat distributed across several villages where the majority are living below the poverty line

Our Qurban program also included the Rohingya refugees in Bangladesh, underprivileged Muslim communities in Sri Lanka, and other needy communities struggling with extreme poverty.

Asia Country List	Goat/Sheep	Cow
India	13	1105
Nepal	11	115

Heartwarming Stories From The Field

KAMARUL'S STORY

Alhamdulillah, this is the first time I have had the opportunity to participate in a Qurban Relief program abroad. Imagine going to a Hindu-majority country during the Qurban season. There were many challenges that I had to face - one of it being the continuous rainfall. However it had all been worth it because we successfully served so many beneficiaries who only get to eat meat once a year.

Never in my life would I have imagined that I would have the opportunity to visit the villages there. I've been to the rural places of Sabah several times before but it cannot be compared to the level of poverty over there. In Bihar, India, I can say that almost all of them live in a very small house. The average community here has a large family with approximately 10 people.

This had been a very valuable & eye-opening experience. I enjoy seeing the beneficiaries smile, and none of that would have happened without the donors' help. Without our Qurban distribution, most of them would not be able to eat meat for another year. I hope to be able to be involved in more missions abroad & help more people together with Global Ehsan Relief, Insha Allah.

Media Executive (GERMY)

AFRICA

African countries are among the worst affected by poverty and hunger with the highest prevalence of undernourishment in percentage terms, at 21%.

On top of economic challenges, this year Africa also faced one of its worst climate disasters in recent history, leaving 346 million people hungry in the wake of devastating droughts.

This year, your Qurban helped to feed thousands of beneficiaries in 19 African countries. Your generosity provided them with nutritious food to sustain them for days or weeks.

In Uganda, as many as 317 goats and 3 cows were sacrificed, feeding hundreds of starving families on the days of Eid.

Country List	Goat	Cow	Camel
Where Most Needed (Package)	-	37	-

ADAM'S STORY

“

Alhamdulillah, I have had a profoundly rewarding and enlightening experience during my trip to Uganda. Witnessing the challenges faced by the impoverished population first hand has opened my eyes to the magnitude of their struggles.

Thanks to the generosity of our donors, we were able to provide Qurbani meat to more than 6500 individuals in the poverty-stricken regions of Uganda. The process of preparing and distributing the Qurbani meat was laborious, but the sense of fulfillment we experienced upon seeing the grateful smiles of the recipients made it all worthwhile. Qurban goes beyond simply giving out meat; it represents extending assistance to those in dire need.

MIDDLE EAST

Many parts of the Middle East are facing a severe food crisis due to conflicts & displacements.. In Syria alone, hunger and malnutrition are rising sharply and more than half of its population are short of food after 12 years of conflict. While in Yemen, 17 million Yemenis live in hunger.

This year, our Qurban helped feed the people from seven Middle Eastern countries, in particular refugees and IDPs. The meat of these animals brought life-saving food to thousands of families still recovering from the devastating effects of war and families who have no place to call home.

Country List	Goat	Cow	Camel

MUSTAQIM'S STORY

Alhamdulillah, conducting Qurban in the Middle East presented its challenges, but overall, it proved to be an incredible and enlightening journey.

My team and I had a valuable learning experience during this trip, as it was our first time conducting and witnessing Qurban overseas. Additionally, we had the opportunity to forge stronger relationships with our partners in the Middle East. Alhamdulillah, we successfully carried out the Qurban in Turkey, Syria, Lebanon and Jordan, thanks to the generous donations from our supporters, and witnessed the positive impact it had on the refugees in the four countries we visited. Despite the tight schedule, seeing how this Qurban initiative benefited the refugees made it all worthwhile.

I express my deepest gratitude to our donors and supporters of Global Ehsan Relief, particularly during this Qurban period. I would also like to extend my thanks to GER for granting me this opportunity to be part of this meaningful mission. Alhamdulillah.

Muhammad Mustaqim Bin Basheer Ahmad

Testimony From Beneficiary

NAIMAH'S STORY

Naimah Abdul Rehab is a Syrian refugee and a mother of six - 4 boys and 2 girls. She has been staying in the building for orphan families for 4 years since she left Deir Ez Zor, Syria.

Her husband passed away as a victim of the war in Syria and Ms Naimah has been struggling alone since then.

Ms Naimah's children are from the ages of 17, 12, 10, 8, 7 and 5. Five of them are attending school in Jordan and the fees for the school are covered by the Government here in Jordan. One of her children, Hazim, is not attending school as he is diagnosed with Down Syndrome and has a hole in his heart.

Hazim needs to attend a special school but Ms Naimah could not afford it as she is not working and only depends on aid from the World Food Program (WFP). From WFP, she receives 160 Jordanian Dinars (JOD) every month.

She says that the Qurban meat helps her a lot and she really hopes that she gets a proper home soon, as her ceilings are not covered properly and water keeps dripping from the toilet above. Ms Naimah hopes that people like her will be given opportunities and she hopes that her children would get the best for their future.

Two of her boys would love to play for a football club in Jordan and hopes that all of her children get the best education possible.

QURBAN FOR ORPHANS

This Eid ul-Adha, we wanted to give them something special to celebrate Eid with - fresh Qurban meat, with a Food Aid Pack that can last them a month.

Countries	Quantity (Food Aid + 1 Cow Share)	No. of Beneficiaries

Heartwarming Stories From The Field

REDHA'EE'S STORY

Meeting the orphans during my mission trip was a profound experience. Despite reading numerous heartfelt testimonials about their plight, nothing could have prepared me for the reality of their living conditions and the emotional impact of hearing their struggles and heart-wrenching stories, witnessed firsthand as tears streamed down their faces. It was incredibly fulfilling to witness the joy brought to the lives of the orphans through the provision of meat.

This opportunity allowed them to savor a meat-based meal, which is a rare occurrence for them, bringing happiness and nourishment once a year. This trip served as a powerful reminder that even the smallest acts of kindness or assistance can have a profound and lasting impact on those in need. This experience has motivated me to redouble my efforts to help others and inspire those around me who are also in a position to lend a helping hand.

Muhammad Redha'ee Bin Azman

Social Media Manager (GERSG)

Testimony From Beneficiary

MIZA'S STORY

We met Miza, 12, our sponsored orphan living in West Aceh. Miza's late father passed away several years ago. Miza's mother mentioned that they only eat meat that has been given to them.

Otherwise, they wouldn't be able to afford meat. Thus, their main diet usually consists of rice and fish.

Miza dreams of being a teacher with Mathematics as her favourite subject.

Miza's mother is so thankful for the aid given and hopes our donors are healthy and able-bodied to visit the family in the near future.

QURBAN FOR REFUGEES

Our Qurban for Refugees package aimed to support Syrian refugees in Turkey, Lebanon and Jordan, Rohingya refugees, as well as refugees in Yemen by providing them with Qurban meals. More than 5,000 beneficiaries benefitted from our Qurban for Refugees package.

Package	Countries	No. of Goats	No. of Beneficiaries
Middle East	Yemen, Syria & Lebanon	42	1,680
Africa	Somalia, Central African Republic & Somaliland	87	3,480

Testimony From Beneficiary **ZAIDAN'S STORY**

Mr Zaidan is one of the refugees staying in the camps. After staying in Harakeh, Idlib for almost 8 years, he had to flee to Azaz because of the war that broke out. He was forced to witness his house being flattened to the ground.

Mr Zaidan has two daughters aged 2 and 3 years old, and two sons aged 4 & 5. To support his family, Mr Zaidan is working as a helper, tasked mostly with carrying heavy items. His wife is a full time housewife taking care of their daughters.

Mr Zaidan feels immensely blessed as he has not eaten meat since 8 months ago. He says that meat is very expensive and if he were to spend on meat each month, his family won't have any more money to survive on.

Mr Zaidan says that the summer has not been kind to him and his family. Without having any electricity and only depending on solar panels, his two children are suffering from the heat at night before they go to bed.

He needs to cool them down by putting a cloth over his tent and pouring water over it to cool down the temperature inside of their house.

Mr Zaidan feels extremely blessed that he and his family get a chance to eat meat this Eid. He thanks the donors and prays that Global Ehsan Relief will always be blessed.

PROPHETIC QURBAN

A special package to revive the forgotten sunnah of giving an extra qurban for the ummah. This year, a total of **4,400 beneficiaries** benefitted from our Prophetic Qurban package.

Countries	No. of Goats	No. of Beneficiaries
Bangladesh	8	320
Lebanon	4	160
Uganda	98	3,920
Total:	110	4,400

Qurban in Bangladesh (Rohingya Refugees)

Qurban in Uganda

AQIQAH

Besides our Qurban packages, we also offered Aqiqah services during the Qurban period. It gave our community the chance to celebrate the birth of their newborn while sharing the joy and feeding underprivileged individuals. As many as 500 beneficiaries benefitted from our Aqiqah packages completed in Sri Lanka by our team there.

Country	No. of Goats	No. of Beneficiaries
Sri Lanka	10	400

May Allah bless
you, your wealth
& accept all your
good deeds.
