GLOBAL EHSAN RELIEF CEO MESSAGE

This year marks a profound milestone for Global Ehsan Relief — 10 years of serving humanity with mercy, dignity, and excellence.

What began a decade ago as a humble effort to help those in need has, by the will of Allah and the generosity of people like you, grown into a global movement of compassion.

Over the years, your support has helped provide clean water, food, shelter, education, orphan care, and emergency relief to some of the world's most vulnerable communities. But more than numbers, this journey has always been about amanah — the trust you place in us. Every donation you give represents hope placed in our hands, and we strive every day to honour that trust with transparency, responsibility, and measurable impact.

In a world facing increasing hardship — from conflict and displacement to rising poverty and climate-related crises — your continued generosity has allowed us not only to respond swiftly, but to build long-term solutions that restore dignity and resilience.

As we step into our next chapter toward 2026 and beyond, our commitment is clear: to strengthen systems, deepen accountability, and scale impact without ever losing sight of our values. We aim to serve more people, more effectively, while remaining rooted in faith and guided by compassion. Thank you for being part of this decade-long journey of mercy. Your belief in this mission transforms lives — and we pray it becomes a source of lasting reward for you.

With heartfelt gratitude,

Basheer Ahmad

MEDICAL DEPLOYMENT IN JORDAN

You didn't just respond to crises - you built lasting change.

Your donations funded medical teams deployed to Jordan and Yemen, serving Palestinian refugees with zero healthcare access who were forgotten by the system. You brought healing, hope, and humanity to thousands in need.

COMMUNITY INVOLVEMENT PROGRAMME

Throughout 2025, our teams and volunteers deployed across the globe, bringing aid directly to those who needed it most. Community impact deployments in Cambodia, Sri Lanka, and Aceh brought volunteers face-to-face with both the realities and resilience of poverty.

Teams improved schools, taught English to eager students, distributed aid to struggling families, and spent meaningful time with orphans and elderly community members.

These weren't just aid distributions - they were moments of genuine connection, shared meals, laughter with children, and the profound realisation that behind every statistic is a person with dreams and hope. Volunteers and staff returned home transformed, having witnessed both the urgent need and the incredible impact of showing up with compassion.

TEACH ENGLISH EXPEDITION

In September 2025, our team embarked on a heartwarming educational journey to Aceh, spending six meaningful days at our very own Maahad Ibnu Sina with students who lit up at the chance to learn from fluent English speakers.

The classrooms buzzed with energy as students practised conversations, played language games, and rediscovered the joy of learning. Teachers saw the confidence growing in shy students who'd never spoken English before.

During breaks, our team chatted with students about their dreams - becoming doctors, teachers, engineers - and realised how much a simple language skill could unlock for these young minds.

IMPACT STORIES

MALAWI

LOZ BUZMAN

Loz Buzman is a 66-year-old widow living with her five children. She tragically lost her husband several years ago and has also endured the heartbreaking loss of other children in the past. Now the breadwinner for her family, Loz works tirelessly to support her children by selling traditional herbal drinks. Her daily income is uncertain, and on many days she earns barely enough to cover basic needs.

Despite her age and health challenges, Loz remains strong. She mentioned that there are nights when the family goes to bed without eating because they don't have enough food. The Qurban meat she received through the program was a rare and valuable source of nutrition for her and her children. They seldom eat meat, often going an entire year without it.

Loz emphasized the most important support her family needs is food, income, and basic utilities like electricity and clean water. She ended her message with a sincere “Thank you, Global Ehsan Relief.”

IMPACT STORIES

SRI LANKA

NAFEER FATIMA HANIM

At just 16 years old, Hanim is a young girl with a bright ambition - she dreams of becoming a criminal lawyer one day. Her favourite hobby is art, especially drawing with watercolours, where she finds peace and a way to express herself.

Hanim lost her father when she was only six years old. The memories of him are faint, but she recalls the warmth of his presence. Life changed drastically after his passing. Hanim's mother, Nalira, began selling wood and rice to keep the family afloat, making just 500-1000 rupees a day. It was a difficult time for them all, until GER stepped in and enrolled Hanim in the monthly Orphan Sponsorship programme.

Thanks to her sponsor, Hanim's family's struggles were eased. The monthly stipend is enough to cover all of Hanim's needs, even allowing her to attend extra classes that strengthen her studies. Hanim prays for her sponsor every day, with gratitude for the lifeline they've given her family. She dreams of one day standing tall as a lawyer, helping others, and carrying forward the kindness she has received.

IMPACT STORIES

TÜRKIYE

MUHAMMAD

Muhammad, 55 years old, once lived a stable life in Syria, where he worked as a butcher and supported his small family. In 2013, as the conflict worsened, he decided to flee to Türkiye in search of safety and a future for his children.

Life, however, did not become easier. Muhammad's wife, overwhelmed by the poverty and hardship they faced, eventually left the family. Today, he is the sole caregiver of his three children. His daughter, Asula, lives with Down syndrome and also suffers from a severe gluten allergy, which makes even the simplest meals difficult and expensive to manage.

Muhammad tries whenever he can to earn a little money, sometimes by taking on small tasks or day work. But most days, he cannot leave the children alone, especially Asula, who needs constant care. As a result, the family depends almost entirely on aid. Rent, food, and basic necessities are a constant struggle, and gluten-free items are costly.

Receiving aid from Global Ehsan Relief is a huge relief for Muhammad, especially in the harsh winter months. He asks Allah SWT to reward every donor with abundant goodness, health, and blessings and to protect their families.
