Assalamu 'Alaikum and greetings, dear sponsors, Welcome to our second Quarterly Orphan Newsletter, and the last for this year! You're receiving this because you're one of the amazing people sponsoring our beloved orphans, and I'd like to show you the huge difference you and other donors make as you continue to support them.

I'm pleased to report that this quarter (October - December 2025), sponsors like you welcomed **16 new children** into our family, providing them with access to food, healthcare, and a quality education.

I'd also like to highlight your incredible achievements throughout 2025. Alhamdulillah, donors like you sponsored a total of **225 new orphaned children** around the world this year!

Thank you for helping us give our cherished orphans a brighter future. Your contributions, prayers, and letters truly make a life-changing impact. As we move into a new year, I look forward to your continued support as we work to reach even more orphans in need. Together, let's give them the care every child deserves.

Have a blessed 2026 ahead, and I hope to see you in the next quarter!

Assalamualaikum dear Harun Hujic,

I'm Muhsina. I'm writing a letter for you with my smile. Thank you so much for your help and gifts, it's very useful to us. I want to become a doctor, ameen! In shaa Allah, through your support, one day I will achieve my ambition. Now I'm studying very well, and I'm continuously going to tuition class and school. I hope one day I will write a letter for you as a doctor! Jazakallahu khairan.

Hello! I'm Shafirah, and I'm in Class 2 SMP. My hobby is reading novels, and I love to eat my mum's stir-fried prawns. It tastes so good, I keep taking more helpings, until my siblings don't get any hehe. I also love pink and purple! I would like to thank you, my donor, Uncle Irshadh, for sponsoring me. I pray that you get abundant wealth and health, and that Allah gives you happiness in this world and Akhirah, ameen ya Rabbal Aalamin!

With love from,
Shafirah, Indonesia

I live with my little sister and my beloved grandparents in West Java. They take care of me since my parents both passed away. My favourite subject is PE, and I want to be a doctor when I grow up!

Nur Rasyida, 14 years old:
Hello, I'm Rasyida, and I live with my mum and siblings. My mum works hard to support us all, but she struggles sometimes. I love art and memorising the Quran, and I want to be a Hafizah eventually.

Mohamed Mufeedh, 12 years old:
My dad passed away 11 years ago. I live with my brother and my mum, who works hard and always encourages me to study. Because of her, I've memorised 2 juz of the Quran, and I want to keep going.

Behind the Scenes: Hero Spotlight

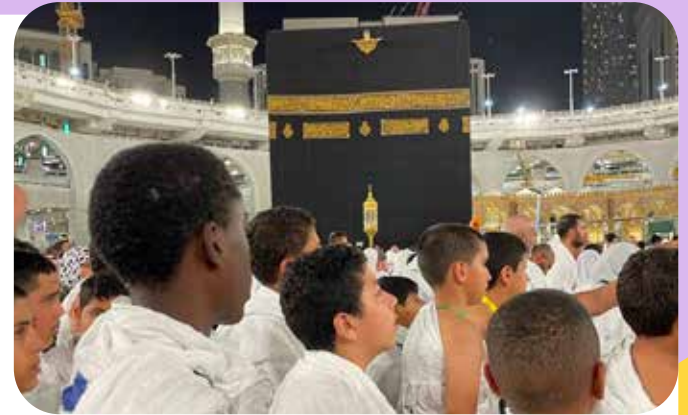

Iffirah
Orphan Officer, Singapore

Serving as an Orphan Officer in the field during my recent trip to Aceh was a deeply humbling experience. While desk work allows us to manage reports, systems, and coordination, being on the ground brought the reality of our work to life. Meeting the orphans face to face, seeing their living conditions, and interacting with their caregivers gave meaning to every profile and number we handle daily. It reminded me that behind every record is a real child with hopes, struggles, and dreams.

What impacted me most were the small moments - an orphan's smile, their eagerness to learn, and the gratitude shown despite having so little. This trip reminded me that our work is not just administrative, but amanah-driven, and that every effort, no matter how small, can make a lasting difference in a child's life.
