BUILD A MOSQUE

with Global Ehsan Relief

10 YEARS ANNIVERSARY
GLOBAL EHSAN RELIEF

Uthman ibn Affan reported: The Prophet ﷺ said,
"Whoever builds a mosque for Allah, Allah will build for him a house like it in Paradise"

IMPORTANCE
of Building A Mosque

Mosques are at the heart of every Muslim community around the world. They play a pivotal role in education, daily worship and special occasions, serving as a space to build a bond with fellow Muslims.

Indeed, the first act of the Prophet (ﷺ) upon his arrival in Medina was to build a mosque.

Sadly, many Muslims simply do not have access to a local mosque. Some communities lost their mosques as casualties of conflict or natural disaster, while many rural areas have never had a mosque at all.

For them, the long journey to the nearest mosque is difficult, even impossible for the sick and elderly.

Global Ehsan Relief aims to give remote, isolated, and impoverished communities access to their very own mosque.

Just as the Prophet (ﷺ) helped to build the first mosque in Medina, you can help build one for people who've never known the blessings of praying together in a mosque.

Noor Yasmin Mosque
Pakistan

WAYS To Contribute

A FULL SPONSORSHIP

Sponsor the full cost of a masjid in Africa or Asia. The cost varies depending on the size and location of the mosque as shown below. You can build the mosque in your name or that of your loved ones.

You will receive the following upon the completion of Mosque construction:
1. Naming Rights of Mosque 2. Certificate 3. Reports 4. Pictures and Videos

Below is the price list for the mosques we offer, varying by size and location across Asia, Africa, and the Middle East. You can also join our community of donors to build a mosque together by donating as little as $100 for one prayer space.

ASIA	SIZE	CAPACITY	TOILET	WUDU AREA	COST
INDONESIA	Small (8x10m²)	150	2	1	$30,000
	Medium (13x12m²)	250	2	1	$34,000
PAKISTAN	Small (8x10m²)	150	1	1	$13,500
	Medium (13x12m²)	250	1	1	$19,500
	Large (17x20m²)	350	2	1	$45,000
INDIA	Small (8x10m²)	150	1	1	$18,000
	Medium (10x12m²)	250	1	1	$21,000
	Large (13x12m²)	350	2	1	$26,500
SRI LANKA	Small (8x10m²)	150	1	1	$25,000
	Medium (10x12m²)	250	2	1	$35,000
BANGLADESH	Small (8x10m²)	150	1	1	$23,000

AFRICA	SIZE	CAPACITY	TOILET	WUDU AREA	COST

To Contribute

CLICK & DONATE PRAYER SPACE

B WAQF PRAYER SPACE

Donate just $100 to build a prayer space within a mosque. You can sponsor any number of prayer spaces or share the cost of sponsorship with your friends and family members. For every sujood performed, dzikr uttered, and verse recited from the Qur'an in that space, you will share in its rewards.

CLICK TO REFURBISH A MOSQUE TODAY

C MOSQUE REFURBISHMENT

Help sponsor the cost of renovating existing mosques, providing valuable new facilities and amenities that benefit the entire community. Many mosques in rural areas lack basic needs such as water supply, or are too run-down for safe use.

Your contribution of $5,000 can make a significant difference in restoring these essential places of worship.

OUR TRACK RECORD
Mosques Construction

Most of us know the story of the 2004 tsunami that devastated Aceh. That tragedy not only wiped out many lives, but also destroyed many of the province's buildings. Even now, there are still many mosques that bear the marks of that terrible day.

On top of that, some mosques in more rural areas have simply fallen into disrepair due to lack of funds to maintain them. As part of our work, GER makes it a mission to rebuild these mosques and make them accessible to the community again.

Your contributions have helped to renovate 9 mosques in both Indonesia and Pakistan so far.

OUR GOALS

The Need of Mosques in Asia Africa & Middle East

In underdeveloped or poverty-stricken countries in Asia and Africa, there is often a lack of facilities and amenities that would be useful to its citizens.

There is widespread hunger, they have little to no access to clean water, and there is an absence of schools. Left without any means to tackle these situations, they hope for the kindness of international donors who can improve their lives.

Our goal to build mosques for these communities is to provide them with amenities that will allow them to attain what they've been missing. Not only will they receive a place for worship, the mosque will act as a community hub for locals, where they can get together and discuss the needs of their community.

It will be a place where children and adults alike can attend classes, religious or otherwise. With ablution places in the mosque compound, the community can collect water and utilise it for their own needs.

Furthermore, by building mosques in Asia and Africa, you will be providing a safe place for children to have Islamic education and values.

Aside from mosques, Global Ehsan Relief has also carried out a lot of other charity work in Asia and Africa. We have built water wells, orphanages, schools, and provided meals and food aid for thousands of families. You can help provide more long-term assistance by building a mosque for them.

OUR TESTIMONY

Akmal Daud

An-Nur Mosque, Aceh, Indonesia

I am a freelance social worker. The residents of village Buket Dara Baroe are mostly local farmers who are poor. Only one-third of this land is owned by the actual residents, while the rest are owned by the rich who were generous enough to let us make a life for ourselves on this land.

Alhamdulillah, with the support of Global Ehsan Relief, the villagers now have a community centre in the form of the beautiful Masjid An-Nur. The village leaders and I are committed to improving the quality of people's lives in this village. InshaAllah we will set a curriculum for Qur'anic learning for children, and invite trainers from the city to help women gain new skills. Thank you Global Ehsan Relief and all donors for making this possible.
