

Challenges in Designing and Rolling Out Micro-Credentials: Malaysia Experience and Initiatives

We were not sure how and where to start!!

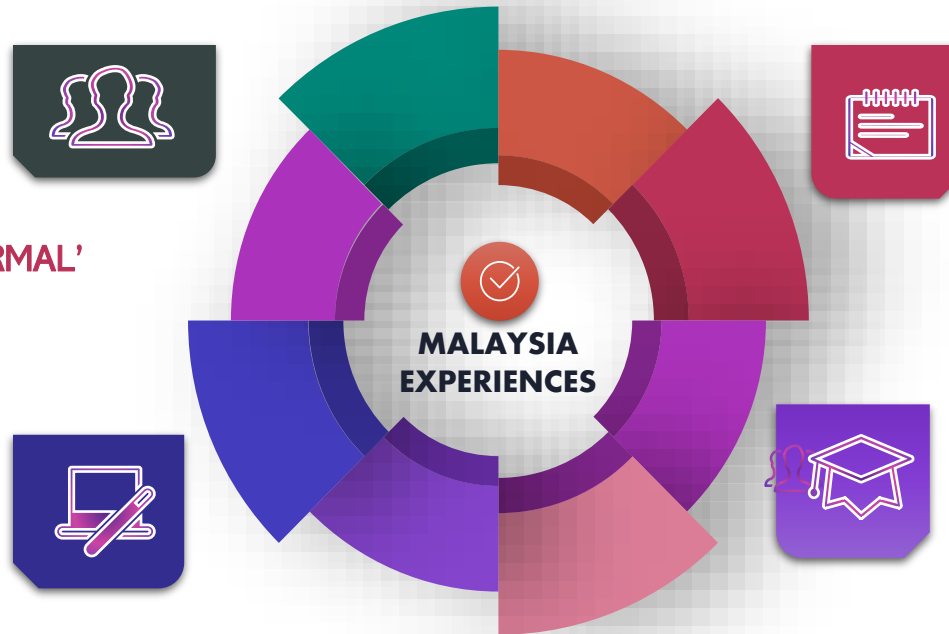

CHANGING MINDSETS

- Buy in from Educatraors
- Support from administrators
- STUDENTS

MICRO-CREDENTIALS IS NOT 'NORMAL'

TECHNOLOGY BARIERS

- Educators
- Facilities/Equipment For Content Development
- Financial

CURRICULUM INTEGRATION

- Academic Program Vs Life-long Courses
- What Would Be The Approach?
- How to stack?
- Credit transfer between institutions

ACCEPTANCE BY STAKEHOLDERS

- Gaining buy-in from educational institutions, employers, and learners
- the value and recognition of micro-credentials.

Malaysian Initiatives
