Let's Go Camping

VISITING NURSES PROGRAM

Modern America Campgrounds is thrilled to unveil a groundbreaking initiative designed exclusively for our nation's healthcare heroes – **the Visiting Nurses Program**. This program honors the dedication and hard work of visiting nurses by offering them a unique opportunity to relax, recharge, and explore the beauty of nature on their well-deserved days off.

ABOUT MODERN AMERICA CAMPGROUNDS

We are comprised of 25 parks, totaling more than 4000 campsites. Our parks are located in NH, ME, MA, RI, VT (Soon to be Lake George). Most, if not all of our parks, are located on a lake or river, have a superior location or offer unique amenities. Modern America Campgrounds is committed to providing exceptional outdoor experiences. With a diverse range of parks across the region, we offer a sanctuary for those looking to connect with nature and create lasting memories.

VISITING NURSES PROGRAM BENEFITS

- *Select Your Home, Explore the Horizon*

Each participating nurse will have the chance to select a "Home Park" from our network of 25 serene campgrounds. On their days off, they are invited to stay **free of charge** at any Modern America Campground.

- *Exclusive Home Park Benefits*

To further express our gratitude, visiting nurses will receive a generous **\$500 discount** at their chosen Home Park, making their stay even more enjoyable and affordable.

- *Embark on a Journey of Discovery*

The Visiting Nurses Program is an invitation to explore, discover, and create unforgettable memories in the picturesque landscapes that our campgrounds offer. Our parks provide the perfect setting for nurses to craft their ideal retreat, whether they crave solitude or seek adventure.

- *Limited Spaces for Unlimited Experiences*

We love making unique experiences happen, and since space is limited in the Visiting Nurses Program, we encourage interested nurses to reach out soon to secure their spot. We can't wait to have you join us!
