WHY MULTI SEAL.US

SAFE FOR ALL TIRES AND WHEELS

1 Avoid the frustration of another flat tire

2 Lasts the life of the tire

3 Reduces blow-outs and the collateral damage they cause

4 Seals bead and valve stem leaks

5 Reduces flats up to 95%

TIRE SEALANT PROTECTION

Since 1981 MULTI SEAL has produced high performance tire sealants scientifically formulated to prevent underinflation caused by slow leaks and punctures. Using proprietary formulas and ingredients, MULTI SEAL's products are manufactured in the United States specifically for industrial and retail segments. MULTI SEAL is the world leader for superior tire sealant technology. May not be compatible with all TPMS systems

**MADE IN
USA**
