tying loose ends. moving studios, change off plan, ya artist cant find any equipment. he can trade or sale my big keyboard, that what i'm trying to do. The other two are cool, but i need a 9inch studio monitor. Don't want ppl sweat and stuff burnin up in the none ac joint. We gone have to rent somin to haul all this. To much hassel cleaning up, don't wanna be ridin dirty. Then the money gotta cover our ass.
