

4-25 Nepal Earthquake Services Sharing Seminar

The 7.9 magnitude quake struck an area between the capital of Nepal on 25 April 2015, at least 7500 people are known to have died in the earthquake. The United Nations estimates that the victims are nearly a quarter of the population in Nepal. Nepal is one of the poorest nations in the world, the earthquake had a discouraging impact on the whole state.

Social Workers Across Borders Ltd share the belief of “Borderless Humanity”, the Assessment Team to provide the Emotional Consulting Services team arrived in Nepal on April 29 2015, the services lasted 6 days, helped victims and their families to relax, calm their nerves, and provide emotional and beneficial support.

Social Workers Across Borders Ltd hope to provide the support services in a persistent manner, we all hope you can join, and listen to the returning staff and volunteers sharing their feelings with you , you will know more about the disaster area, and you can help the victims with what you can do to provide and help, let us bring the love and hope to Nepal.
