*Dr. Seuss*

The sun shines down upon us  
and gives us warmth and light.  
Then when the day has ended,  
it disappears from sight.

Though we're left in darkness,  
we know the sun has not died,  
for it is shining brightly  
on the world's other side.

So it is when one we love  
comes to their end of days.  
They just go to the other side  
to shine their loving rays.

That's why heaven is a place  
that glows beyond compare.  
The lights of those who've left us  
are all brightly shining there.
