

When I lie flat upon my back  
And look up at the sky,  
I see faces and many things  
In white clouds floating by.

I see a bear, a shaggy bear,  
A monkey and an ox.  
A fluffy little kitty cat  
And bushy long tailed fox.

I blink my eyes and look again,  
Far up above the town,  
The faces that I saw are gone  
With others looking down.

When stars come out to say "Good Night!"  
I've had the nicest day  
With all my make-believe friends  
In soft clouds far away.
