THE GREATEST MOM A KID COULD HAVE

You are the best of mothers, You're patient kind and true;
No other friend in all the world, Will be the same as you.
When we felt the world became too much, To mother we'd return.
And for all your loving kindness, You'd ask nothing in return.
As we look upon your picture, Sweet memories we recall.
Of a heart so full of love and fun, And a smile for one and all.
We never will forget you, Dear Mother, up above,
Please know how much we miss you; We are sending you our love.
