

My Sister

*What a wondrous thing it is—
To make springtime in the fall;
To brighten the day of those around you,
With just a simple phone call.*

*Your ability to bless lives of others—
May seem limited to you;
But in the final day you will be remembered,
As a genuine friend who stayed true.*

*When we turn to look on our lives,
And think back on what we've done;
It will not be our wealth and prestige,
That equals our calculating sum.*

*When you find you've returned again,
To He who sent you here,
You will see that your gift of service,
Has brought Him always near.*
