

Tribute to My Eternal Companion and Loving Husband.

Dear sweet and eternal companion Roland,

We have had the privilege of growing old together. The Lord has blessed us with 52 years and 2 months of companionship. It has been a pleasure to raise three wonderful children with you. Because of your Christlike example and testimony, we have had two sons serve full time missions and all three children have chosen to marry in the temple for time and all eternity. You have always told me that you will put God first in your life then myself and the children.

Throughout the years you have been by my side as a constant companion that shows deep compassion and kindness. You would always hold my aching feet when they hurt from neuropathy. You have supported me by helping me with household chores, in fact I may have only vacuumed once or twice in the eleven years we have lived in Heber. You worked two jobs to support our boys on their missions and even though you worked all Friday and Saturday nights, you still managed to make it to church Sunday mornings.

You are about the most perfect companion I could have ever been blessed with and have as my husband. Maybe once have you ever raised your voice to me. You have never sworn and always treated me as your queen. We have been able to enjoy many vacations together and have made many memories with our children and grandchildren. I have cherished the times that we have played cards with friends and family, or even just relaxed and watched shows on TV. Thanks for always loving me through the challenges we have faced.

Even though I feel a deep sense of loss with you gone, I know this was your time to be called home to our loving Heavenly Father and those loved ones waiting for you on the other side of the veil. You have fulfilled your lives mission here upon this earth and left behind a legacy to last for generations to come.

As it was painful to watch you suffer in the last eight days of your life, I know that you are in a better place and are whole again. You no longer need to endure the seizures that have occurred throughout the years, your memory is sharp again and I know how delighted you must be to have your vision fully restored and be free from bodily pain.

I love you sweetheart, until we meet again.

All my love,
Your Eternal Companion Shannon
