

"Dad, through the years, you have been able to enjoy the simple joys of life - watching a "Ute" football game on a Saturday afternoon, fishing in the early morning hours against the red rocks of Flaming Gorge; playing golf with your sons; giving priesthood blessings to your wife, children, and others; playing catch in the front yard; eating Sunday dinner with family and just going about doing good. Dad, you have been so richly blessed."

In Loving Memory

Ward H. Barnes
