

Pop Up Museum: Coming of Age

Saturday, August 5, 2017

Noon-10PM

Coming OF AGE The 1968 GENERATION

Celebrate your awkward phase as you participate in our Pop Up Museum. The theme is “Coming of Age” in support of our current exhibit *Coming of Age: The 1968 Generation*. Bring an object, photo, and/or story related to the years you came of age – your tween, teen, and young adult years. You can bring in your old retainer case, that album that got you through your middle school years, your favorite band t-shirt, etc. If you are a teen or adult, you have a story related to Coming of Age and we want to hear it!

What’s a Pop Up Museum? A temporary exhibit created by the individuals that show up to share their story or listen to other people’s stories. We picked a theme and the venue and now we are inviting everyone (especially you) to bring an object related to Coming of Age to leave on display. Pop Up Museums can happen anywhere, at any time, as long as there are people who want to share their stories.

Sponsored by The Goodhue County Historical Society and the Red Wing Area Chamber of Commerce
