

## WHO WE ARE

If there is one thing we know for sure, it's that our best resource here in Massachusetts is our people. That's why we have made it our mission to gather information about the best of the best in one easy place. *Speak Out for a Cause* is an online directory of professional speakers, musicians and venues available for hire to Massachusetts clubs and organizations.

**OUR MISSION** is to create a directory resource of professional messengers of inspiration, motivation and education throughout the Pioneer Valley.

We hope to encourage a dialogue of diversity by making others aware of the quality of speakers outside their normal realm of experience. Through this resource, we hope to encourage a cross cultural exchange between diverse communities.

Through this collaboration, our efforts provide financial support to organizations who seek to improve the quality of life for others.

**One hundred percent** of the application fees are distributed to local agencies who support the causes of hunger/homelessness in our communities.

## *Be a Part of Change in Your Community....*

### SPEAKERS • MUSICIANS • SINGERS EVENT VENUES
