Thank you for being the Guest Speaker at the 1st Semi-Annual Free Artist’s Showcase. Without you, it could not have been the success that it was. Your upbeat and honest repertoire not only held the audience’s attention, but also inspired them. Several audience members and artists regaled me of the great time they had.

Good luck in your endeavors, and we hope you will join us again for our future events.

Sincerely,
Melissa F.

Hi Nancy –

You were fantastic! Thank you for being with us. We had so many 'raving reviews' from advisors about the session. There was also great feedback on the Marketplace along with the FC Table and what you provided.

Your partnership is appreciated!

Enjoy the week ahead -

Hello Nancy ~ Thank you again for such a great insurance CE class this morning in Farmington. I've done a few of these insurance courses, and **yours was absolutely the best**. The breadth & depth of all your knowledge and experience is staggering, and your ability to effectively communicate such complex topics is truly energizing and empowering. You also got everyone in the room to participate, and well managed all the strong personalities and opinions! I wish there was a way I could sign up for Cape courses based on the **instructor**, because I would only search and attend your classes; I should have added that comment to my class survey today (feel free to forward this email to Cape School). If I were to select a professional mentor for this stage of my career, you'd be the one; I guess you inspired me.

Please let me know if I can help you or any of your endeavors in any way. Looking forward to staying connected.

Best,

Joe C
