

Judging criteria:

Style	1 - 10
Difficulty	1 - 10
Aggression	1 - 10
Consistency	<u>1 - 10</u>
TOTAL POSSIBLE POINTS	40

Rules:

1. Entries skate in jams of 3-4 depending upon number of entries, for a time of 4 minutes.
2. Each skater will have use of all elements of the park with exception of the bowl.
3. Judges award points based on criteria and overall impression.
4. If a skaters board snaps or if they have any type of malfunction during their run, that skater will be given another chance by way of being placed in a later jam. If it is the last jam of that division, we will add time for that skater to

skate alone. There will only be one chance given for each skater.

5. It is possible that a judge may not see all your run. There is no way to protect against this since there will be at least 3 riders at once. With that in mind we ask that you understand, that is a risk you take. There can be no appeals based on this.
6. Scores for all skaters are collected from the judges and kept until the end of all jams in that division.
7. Depending on the number of entries, the top skaters from all jams combined will advance. Previously we took the top skaters from each jam which left some deserving skaters out of the second round. We think that this change will make a great difference for the later rounds.
8. All advancing riders will skate in second round jam using same guidelines as round 1. Top skaters advance to the third and final round.
9. Top three skaters from final round win prizes.
10. The top skater in the advanced category wins cash prize while 2nd and 3rd receive prizes.
11. Judges decisions are final and cannot be argued. We can re-count points to verify decision.

June Jam has made certain that the judges of this event are highly qualified and will be fair. These judges are

the foundation of our event and we trust their decisions 100 percent. There will be no second guessing their decisions.

Please keep in mind that scoring skateboarding and determining a winner is strictly used to enable us to give prizes. we wish we could give prizes to all that enter!!
