GCSE maths exam practice sessions

The only way to revise maths is to do maths!

We are running a series of exam practice sessions, giving your child a great opportunity to practise exam style questions and dedicate time to focus on their exam technique, as well as assisting in identifying any topics that they still need to revise.

The sessions will be small group sessions and each student will work at their own pace on an exam paper of their choice, and will have 2 hours of access to our tutors who will be there to provide support where needed.
