

RANCH HORSE PLEASURE

Purpose

The purpose of Ranch Horse Pleasure should reflect the versatility, attitude, and movement of a working horse. The horse's performance should simulate a horse working outside the confines of an arena and that of a working ranch horse. This class should show the horse's ability to work at a forward, working speed while under control of the rider. Light contact should be rewarded and the horse shall not be shown on a full drape of reins. The overall manners and responsiveness of the horse while performing the maneuver requirements and the horse's quality of movement are the primary considerations.

Conduct

1. Each horse will work individually, performing both required and optional maneuvers, and scored on the basis of 0 to 100, with 70 denoting an average performance.
2. The required maneuvers will include the walk, jog, and lope both directions; and the extended jog and extended lope going at least one direction; as well as stops, and a back.

In all gaits, movement of the ranch riding horse should simulate a horse needing to cover long distances, softly and quietly, like The trot is a natural two-beat gait demonstrating more forward that of a working ranch horse. The following terminology shall apply:

Walk

The walk is a natural, flat footed, four-beat gait. The gait is rhythmic and ground-covering. As in all gaits, the horse should display a level, or slightly above level topline with a bright, attentive expression.

Trot

motion than the western jog.

Extended Trot

The extended trot is an obvious lengthening of the stride with a definite increase in pace. The horse should be moving in a manner as if it were covering a large area on a ranch with an above level topline.

Lope

The lope is a three-beat gait. The lope should be relaxed and smooth with a natural, forward moving stride.

Extended Lope

The extended lope is not a run or a race but should be an obvious lengthening of the stride, demonstrating a forward, working speed. The horse should display an above level topline with a bright, attentive expression.

3. Three optional maneuvers may include a side pass, turns of 360 degrees or more, change of lead (simple or flying), walk, jog, or lope over a pole(s); or some combination of maneuvers that would be reasonable for a ranch horse to perform.
4. The maneuvers may be arranged in various combinations with final approval by the judge.

5. The overall cadence and performance of the gaits should be free-flowing and ground covering at all gaits, with an emphasis on forward movement. Transitions should be performed where designated, with smoothness and responsiveness
6. No time limit.
7. One of the suggested patterns may be used (found on AQHA/AHA websites and attached herein for reference); however, a judge may utilize a different pattern as long as all required maneuvers and the three (or more) optional maneuvers are included. Should a judge use one of his/her own patterns it is recommended to not have the stop following an extended lope.
8. The use of natural logs is encouraged.
9. Posting at the extended jog is acceptable.
10. Touching or holding the saddle horn is acceptable.
11. Use of hoof polish, banded manes and tail extensions is illegal.
12. It is customary to not remove the hair from the insides of the ears, but horses with clean clipped ears will not be penalized.
13. Trimming of the bridle path, fetlocks or excessive (long) facial hair is allowed.
