

# Bermagui Surf Life Saving Club

## Annual Report 2018-19

# Executive Summary

Bermagui SLSC is a not-for-profit organisation registered under the Charitable Fundraising Act 1991. Our purpose is to ensure beachgoers are safe at our beach and surrounding areas and to provide education around surf safety. Funds raised by our club go towards providing those valuable lifesaving services.

First formed in 1909 as the *South Bermagui Surf Bathing Club*, the members of the Bermagui Surf Life Saving Club protect and support our community and surrounding areas and the thousands of visitors to Bermagui every year. We are one of seven clubs that form the Far South Coast Branch of Surf Life Saving NSW, one of 129 clubs across NSW and one of 314 clubs across Australia.

Surf Life Saving NSW is the state's major water safety and rescue organisation and, with over 75,000 members, is one of the largest volunteer movements in Australia. Surf Life Saving is a unique not-for-profit community cause that exists through community donations, fundraising, corporate sponsorship and government grants. Our primary role is to save lives on the beach and since Surf Life Saving was established in 1907, over 660,000 people have been rescued across the country by surf lifesavers.

Bermagui SLSC is a small but dynamic club. Our membership currently sits at 200 having grown from 134 just two years ago. Increases have been seen across the board in active members, general members, Nippers and Same Wavers all seeing growth.

Our goal is to focus on SMART growth, not BIG growth and we've been working hard to consolidate some of the innovative new ideas we've launched in the past couple of years. New members also bring fresh ideas and we have some great new options and ideas to explore for the future as well. There will always be work to do but now is an opportunity to reflect on some of the great progress our team has made over the past 12 months.

As you will see as you read through our Annual Report, it takes many volunteer hands to create and maintain a strong and vibrant Bermagui Surf Life Saving Club and we extend our heartfelt gratitude to all who contribute in any way for your continued support.

We're proud to have such an engaged and enthusiastic membership and hope you all enjoy looking back on the year that has passed through this 2018-19 Annual Report.

# President's Report

2018-19 has been another banner year!! We have had steady growth and improvement across most areas of the club and it is such an honour to be involved with this team. Our membership continues to be solid and I'm most impressed, not as much by the numbers but more by the culture that everyone is willingly embracing the credo, "the beach is for everyone" and "our club is a fun place to be". I'd like to start by thanking everyone who has been involved this year. We have a really amazing team!! We continue to have participation from individuals who do not possess a Bronze Medallion and do not patrol but contribute their particular skill sets to the betterment of our club. I'd also like to thank the Far South Coast Branch which supports us in so many ways.

## Our Team

All the committee roles were filled again this year and we've continued to increase the number of people who are on committee which means that fewer members are filling multiple roles. It is a very strong committee that brings a lot of experience, new ideas and a spirit of cooperation. Although we may not always agree on every new idea or initiative we have a healthy debate and come to consensus to move the club along in a positive way.

There are a few people I'd like to acknowledge in particular. Andrew (Lobba) Curven (Club Captain) and Rachel Wallbank (Same Wave Program coordinator) for the work they do. They continue to go above and beyond to raise our club's profile in our community and beyond. Andrew also contributes to the FSC Branch as Power Craft Coordinator. Robert Johnson has continued on from his amazing contributions from last year. His monetary contribution to the club through bottle and can round-up and recycling now sits in excess of \$17,000.00. Combined with the time he volunteers through patrol, Nippers water safety, Same Wave volunteer and handyman, doing repairs and maintenance around the club he sets the standard for club service. Cheryl McCarthy continues to do an amazing job of keeping us all motivated and organised, all while filling roles at FSC Branch and State. She is also one of the driving forces behind innovative and collaborative work with other agencies such as Marine Rescue. We are so lucky to have her and she is an inspiration to us all. Thank you all for your exemplary work!!

We have had close to 10,000 visitors to our beach this year and our team has done a great job keeping everyone safe. Our preventions have increased and we've seen a resultant drop in rescues to 1 this year. We've also had 4 emergency call-outs and we've had a strong focus on visitor engagement so that we can educate and pre-empt incidents as much as possible. This is shown in a 40% increase in the number of preventative actions we've undertaken this year compared to last. Our active patrol membership is up to 49 and they continue to love our flexible self-select rostering system which is now being trialled by other clubs around the state.

Our leadership team encourages all members to be engaged. Again, this year we have continued to grow by recruiting specific skill sets to fill roles regardless of beach skills. It doesn't matter if someone does not have a bronze medallion ... there is always something that our members can offer so we cultivate that thought. We have adopted the mantra "let's make the club a fun place to be" with the emphasis on a family environment. We are encouraged by the smiles we see on our beach and around our club. Whereas in previous years, so many of our members are coming to the club with the "what can I do to help?" attitude, now we are seeing members coming to the club with the attitude of, "what program can I lead?". We continue to develop programs like "Safeguarding Children", WHS

compliance, etc. While we have an emphasis on having fun we will not lose focus on the need to do things safely and professionally. Our Safety Officer, Maggi, set up a schedule of “walk about” inspections of the facility and beach as well as raising awareness with our patrollers to be vigilant with regard to safety issues as well as raising awareness of “Safeguarding Children” by displaying posters and having chats to our general membership. Recognition and prevention are the keys.

Impressive contributions have also been made by our younger members. Tasman McKenzie took on the task of completing a “Sustainability Review” of the club. She did a thorough job of identifying what we do well and where we can make improvements. We’ve taken a lot of her recommendations on board and have already changed our cleaning products and implemented non-plastic straws for all our functions. Tasman is also championing the “Take 3 for the Sea” initiative at our beach and you’ll see more on this in the months to come.

## Lifesaving

Our patrol numbers continue to go from strength to strength and we had a number of opportunities this season to expand our capabilities. Our IRB Drivers and Crew and RWC Operators had the chance to participate in the ALBERT Powercraft training weekend held at Tathra SLSC in October. Over 50 people from across the Branch participated and it was a valuable opportunity to hone powercraft skills and learn from trainers from across the State. Our team impressed so much that Andrew and Jai Curven were invited to join the ALBERT program in Garie as mentors for new participants.

Bermagui also played host to a FSC Branch Silver Medallion Aquatics Rescue course in March. Held over two days, 24 members from across the Branch participated with six Bermagui members coming away with the new award. The course included learning inshore search patterns, rock entries, a night time land search and some high water entries from the Bermagui Bridge. Thanks to Sue Hunt for organising the weekend and to Tony Vella and his team for coming down to run the course.

Our Call Out Team has been training regularly and their cross-agency work with Marine Rescue Bermagui saw our Call Out Team take out the FSC Branch Service Team of the Year award.

All of these initiatives increase our capacity and skill sets and make us more able to respond quickly and effectively to any emergency situation.

## Junior Activities

Another area of growth has been in our Nippers program, led by Shelley Davis. Her team has done an amazing job this year and were supported by an increase in parental and grandparental involvement to support our cohort of 63 Nippers. We had 26 volunteers for water safety, plus a number of age managers and beach support volunteers. We also saw great numbers compete in carnivals. Out of this group we had 2 branch champions: Sam Glasson in the U/11 Male 1km Beach Run and Asher Theodorakis in the U/9 Male 700m run. A big shout out to all participants and their support crews! Thanks to our amazing crew of Age Managers: Amanda Alderman, Shelley Davis, Nadine Hills, Michelle Osgood, Carlin Stanford, Irene Theodorakis and Jacqui Van Teulingen. We couldn’t run our Nippers Program without you. Fantastic job by all!!

## Functions

Our beautiful club house is starting to get a reputation as a wonderful place to hold a social function. Weddings and milestone birthday parties have been the primary events hosted in our functions room along with weekly usage by Yoga and other groups. With our spectacular ocean view and the observation platform an ideal setting for a wedding ceremony, demand is growing. Neil Rutherford has done an outstanding job promoting our facility and providing guests with top notch bar and catering services. Our goal is to host an average of one major function per month. We hosted 12 major functions in the past year and we have several already booked for the up-coming season so we are full steam ahead.

## Community Engagement

A key program in our community engagement is our *Same Wave* program for people with additional needs. *Same Wave* saw an increase to 13 participants this year and support volunteers up to 38. It was a great year and lots of fun was had by all. Not sure who has more fun at our Saturday sessions, the participants or the volunteers. Rachel Wallbank has taken the program and moved it to the next level. She has acquired new equipment so there are more activities for all to participate.

*The Sunken Anchor* newsletter continues to be a popular way of sharing information with our members and the wider community and contributions are always welcome.

We also continue to support other community groups by providing water safety for their fundraising and community initiatives. The past year saw us support the annual ReBoot in Bermagui ocean swims as well as the Bermagui Runners Triathlon group. We also had some fun with the CRABS Duck Race with brave contestants riding inflatable ducks down the river! Strong relationships have also been formed with other clubs such as the football club and the cricket club. These relationships provide an opportunity to source joint funding for initiatives such as “Same Wave” which complements “Kickability”, a similar program for the football club which runs in the winter (football season).

As a result of the incredible job our team did with the impromptu evacuation centre after the Tathra fires, Bermagui SLSC has been named the official Evacuation Centre for our community. We have developed a set of guidelines for other clubs to use if they wish and have shared the package with others around the state.

## Equipment

We have worked very hard on applying for grants over the last year. As previously mentioned we were successful in acquiring a significant grant for *Same Wave*. Other grants provided for some very substantial acquisitions. We have had a plan to update all our equipment with a systematic allowance for depreciation of assets to continually retire and replace on predetermined timelines, ensuring that we allocate funds appropriately so that funding is in place for the new assets. We've taken big steps in the past 18 months towards accomplishing the first part of this plan and new acquisitions this season include:

- IRB motor
- Can-Am Defender Side-by-Side Vehicle (thanks to BRP and SLSA)
- Rescue Mannequin for power craft training

- First Aid Kit
- Oxygen Resuscitation Kit
- Defibrillator

## Acknowledgements

We have had significant contributions made to our effort this year by every level of the Surf Life Saving movement. We thank our members and volunteers for all the input they have given. At the Branch level, I'd like to thank our Branch President, Tony Rettke, for his leadership and sage advice. Guidance on so many levels from Sue Hunt must also be acknowledged. From a friendly smile and a hug to let us know she is "always there for us" to phone calls and e-mails, providing advice. Wendy Law has also provided guidance and advice all along the way on the lifesaving, surf sports and finance fronts.

The success of a club is reliant on so many contributions and we appreciated every piece of input and energy, whether it be large or small. Thanks to everyone who has been a part of the journey.

**Bruce McAslan**  
President

# Junior Activities Report

2018/19 Nippers Season was again a success in terms of introducing our young kids to the ocean and building confidence in the waves and knowledge about how to care for the marine environment.

A total of 63 young people were involved in the season this year. Age groups from Under 8s and above participated in three separate groups. Each week these groups rotated through three 20-minute activities. Most weeks we were able to run two water-based activities and one beach activity. Activities were co-ordinated by parents and other club members and based around the lesson plans and skill development as outlined in the SLSA lesson plans.

The youngest Nippers participated in a shorter modified programme that was tailored to the conditions of the day. Our Nippers gained experience in board and tube rescue as well as practising CPR thanks to Bruce and Cheryl.

We really encouraged the kids to help get equipment out and ready and do wash downs and put equipment back away. It makes a huge difference having lots of helping hands as well as teaching the kids to be responsible for the equipment they use and the importance of looking after it.

It was also wonderful to have all those older kids helping out with activities from the beach run and warm-up exercises to assisting younger Nippers with their boards or flag sessions.

Quite a few of the older Nippers also got to do buddy patrols and learn the ropes of beach patrolling and equipment checks. We really appreciate the time older volunteers put into younger club members. Big thanks to Rachel and all the willing volunteers and those older Nippers who generously gave their time to support the Same Wave programme.

Along with learning new skills there were lots of opportunities for fun and games including the water trampoline, Twilight Nippers and Sippers and of course board training. Who doesn't love getting out the boards especially the big ones!!

Parents trained in water safety as well as age managers were a great support in co-ordinating and organising the weekly activities. Big thank you to Vikki Marshall for doing board training with the Nippers that were participating in the carnivals.

We had 25 Nippers go to carnivals throughout the season. Each competitor was successful in competing and achieving their best outcome. Many surprised themselves by overcoming doubts to complete challenging distances both in water and on the beach.

Notable achievements included:

Male Competitor of the Year: Asher Theodorakis

Female Competitor of the year: Ella Marshall

Far South Coast Branch Champion Medallions – these kids were the champions among all seven clubs in our Branch for their age group:

U/9 male 700m run: Asher Theodorakis

U/11 Male 1km Run: Sam Glasson

For their outstanding contributions, teamwork and leading by example, the following Perpetual Shields were awarded:

Maggi Shield: Lacey Rowland

Junior Club Person of the Year: Tasman McKenzie

Thanks to parents and supporters from the Club the Bermagui carnival was a success, even though the carnival finished early due to weather. Between the carnival and weekly Nippers barbecues, we raised over \$2,000 to be used for the purchase of Nippers' equipment such as boards and new caps for future Nippers.

This season Nippers will have a new headquarters! We have moved to the room next to the first aid room, which is very exciting to have a great space where we can store all our gear and start our mornings from. We will have a notice board where all Nippers news will be displayed so thank you the to the club for making this happen.

All in all it was a great season brought about by keen and willing parents and members who wanted to see Nippers continue into the future.

A HUGE thank you to everyone who volunteered their time and skills to help us through another successful year.

**Shelley Davis**  
Junior Activities Co-ordinator

# Training and Education Report

2018-19 has been another impressive year for training. Part of the goal is to ensure that if members want to be engaged, they will be given appropriate training and/or mentorship to ensure that they are successful in whatever role they choose. With the flexible patrol rostering system, we have developed, it is important that we encourage as many people as possible to have the ability to fill the necessary roles.

We have focussed on providing the opportunity for people to upskill and growing our numbers in SRC, Bronze Medallion and the Silver Medallion Beach Management. This has given us the flexibility to have all roster positions filled, without individuals having to assume more than one role on a given patrol.

We've continued to have a focus on power craft this year with a number of new IRB Crew and IRB Drivers joining the mix. Added to this is the constant sharing of resources and ideas with other Chief Training Officers, from around the state, to ensure that we help out with their training issues.

Our training team includes:

- Bruce McAslan, Bronze Medallion and ART
- Vikki Marshall, Bronze Medallion
- William Vaughan-Smith, Bronze Medallion
- Warren Marshall, IRB Crew and Driver
- Cheryl McCarthy, Bronze Medallion
- Stuart Massey, Bronze Medallion, IRB Crew & Driver, RWC Operator, ART
- Andrew Curven, Peter McCabe, and Rachel Wallbank who provided subject matter expertise

Led by Euan McKenzie, we have also started training with other agencies, through a coordinated effort with Marine Rescue, to find skills and abilities that complement each other.

Thanks to all involved for another wonderful year of training, upskilling and independence. In the past, we have often relied on the engagement of Branch Trainers to help us out and we have taken more steps towards increasing our own capability whilst providing opportunity for others in the Branch to participate at a central base. Thank you also goes to Tony Vella for his continued guidance and advice.

The full list of people who attained new awards this season is below:

- Bermagui Country Club
- BRP
- Club Sapphire
- SLSA and Federal Government Beach Safety Equipment Fund
- SLSNSW Lifesaving Equipment Grant
- Surf Life Saving Foundation
- Surf Life Saving NSW

## Our Thanks To

- NSW Government Department of Justice for ongoing funding of state-wide operations
- Federal Government for the Beach Safety Equipment Funding

## National and State Surf Life Saving Sponsors

# Member Development

A key to ensuring we have an engaged and inspired team is to make sure we make the most of the many member development opportunities provided by Far South Coast Branch, Surf Life Saving NSW and Surf Life Saving Australia. Three of our young patrollers had the opportunity to attend leadership development camps in Sydney this past season. Tasman McKenzie was selected as the FSC Branch Female Junior Lifesaver of the Year and Jai Curven and Liam Russell were chosen to represent our Club and Branch at the Youth Opportunity Makers Workshop. Here are their thoughts:

## MY SLSNSW JUNIOR LIFESAVER OF THE YEAR CAMP 2019

Things I enjoyed on this camp were meeting new friends. On the camp I became friends with a large group of girls and boys, who I still maintain contact with via social media. I enjoyed the wide range of activities that we participated in while we were on this camp. These made the camp educational but also fun. These activities include our free-swimming time at the beach, the water (mud) slide, and the bubble soccer. I found this camp extremely fun and an eye-opening experience that has shown me all aspects of Surf Life Saving Australia and the opportunities that come with it. I would suggest this program to any young Surf Life Saver who would like a challenge. I value this camp greatly because it has given me the knowledge and courage to put my ideas forward and pass on knowledge. I am very grateful for this opportunity and I think this program will greatly help the next generation of Surf Lifesavers. Thankyou

**Tasman McKenzie**  
**Bermagui SLSC**

## YOUTH OPPORTUNITY MAKERS WORKSHOP

On the 15th of April this year I was fortunate enough to be able to represent the Far South Coast branch (the best small branch in Australia) in Sydney alongside the other leaders of NSW. My time at YOMS was worth it. I was a little sceptical as I was the oldest one going and was afraid that would affect my time there. It didn't. Not only did I meet some of the most beautiful human beings going around but I also created friendships that will last a life time. We were always kept busy and always engaging in activities whether being mentally challenged (how can we better the future of SLS Australia) and also physically challenging (laser tag, insane water slide and of course Bubble soccer but nothing a trip to the chiropractor didn't fix to re-align my spine after giving out a few big hits and also receiving my fair share as well.) From the time we stepped off that plane to the time we hugged and said our goodbyes not once did I not enjoy my time at YOMS. The facility and facilitators were amazing and no one was left out or ignored, we were all valued members. In conclusion my time at YOMS was amazing and something I don't regret, I learnt so much about myself and how to become a better person and how I can influence and build not only in SLS but in life as well. For anyone thinking about entering I say give it a crack as it'll be a tonne of fun!

**Liam Russell**  
**Bermagui SLSC**

## Same Wave

Another great season for our Same Wave program which continues to offer beach activities, surf skills and fun for participants with additional needs. This season we were lucky to receive a generous donation from a community newspaper The Triangle. With the money received we were able to purchase some new equipment for the Same Wave program, which included a large surf mat, large blow up beach ball, sand digger and some extra sand toys. We were also able to buy banner flags that can be used across the Bermagui All Ability activities held throughout the year.

A highlight of the season was a joint Same Wave day, held with Pambula SLSC and Moruya SLSC All Ability programs who joined us on Bermagui beach for a fun morning of activities. With participants, parents, carers and volunteers we had about 120 on the beach. The day went very smoothly and was topped off with a BBQ. We hope to organise a similar day next season.

We had 13 participants this season: Lochie Neilson, Luke and Michael Minett, Shebi Buetenfuier, Aiden Roberts, Hugo and Max Dellar, Tyson White (helper), Samuel O'Rourke, Charlie and Harry Buezeville, Gavin Ringland and Joshua Fytes. Throughout the season it was great to watch how the kids became more confident in the surf and how they built on their social skills and made some good friends. Thank you to all the parents and carers who brought their kids to the beach each Saturday during February and March.

This program could not run without the help of volunteers. We had 38 wonderful volunteers who helped out this season, and thank them for their generous donation of their time and hope they all had as much fun as the participants. We hope to see everyone again next season.

# Functions

With our beautiful location right on Horseshoe Bay Beach, the Bermagui SLSC clubhouse has spectacular views across Horseshoe Bay to Camel Rock and Gulaga Mountain, and up the coastline to Montague Island. We've become a popular venue for functions with both locals and people from as far afield as Sydney, Melbourne and Canberra.

Functions provide a valuable source of revenue for our club with funds being put back to our many programs including Nippers, Same Wave, training for our patrollers and the purchase of equipment.

This year we hosted 9 weddings, a sustainable fashion expo and 3 wakes along with regular bookings for yoga classes, training and development courses, fitness and pain relief sessions among others.

The clubhouse also plays host to community events such as ReBoot and we were excited to participate as a central location for the inaugural "Trail of Light and Sound".

The functions team was led by Neil Rutherford who does an amazing job and provides great service to those hiring the space. We continue to receive rave reviews from people hosting events in the clubhouse and hope to continue to expand our bookings.

Thanks to our members who've attained their RSA award and volunteered their time to assist with functions this past season: Sharyn Baker, Maureen Croft, Geoff Hulett, Robert Johnson, Bruce McAslan, Cheryl McCarthy, Christine Richard-Preston, David Richard-Preston, Julie Rutherford, Neil Rutherford and Hannah Vaughan-Smith

## In Our Community

Bermagui SLSC continues to play an integral role in our community, helping out wherever we can to provide support. Over the past year we've provided water safety for:

- The CRABS Duck Race, keeping the people and the inflatable ducks safe!
- Annual ReBoot Ocean Swims where we team up with Marine Rescue to provide on-water support to the competitors
- Bermagui Runners Triathlon team

# Patrollers and Qualifications

## Patrol Captains

---

Ian Bailey, Ben Burgess, Andrew Curven, Graham Day, Eric Hills, Sue Hunt, Mark Huxley, Vikki Marshall, Warren Marshall, Stuart Massey, Bruce McAslan, Cheryl McCarthy, Euan McKenzie, Van Osgood, Stephen O'Sullivan, Liam Russell, Hannah Vaughan-Smith, William Vaughan-Smith, Rachel Wallbank
