TREASURERS REPORT:

To be tabled

Moved: _____ Seconded: _____

2.

Business Arising from previous minutes:

Gareth Davey –

- Looking for support around town for having skydivers at Cardwell once a month at the same time the jetty markets are on. They can pick up jumpers in town, take off from Dallachy aerodrome, and drop over the beach or somewhere to where the markets are being held (subject to safety assessments of course).

OUTCOME – This will be discussed with Thea Ormonde, market convenor.

UPDATE: Gareth Davey -

Balliol Street:

- Letter to be sent to CCRC regarding the upkeep/resealing of Balliol Street especially as the VIC is now at the Bush Telegraph and J C Hubinger Museum. The road is a mess during the rainy season and very dusty and dirty during the dry season.

UPDATE:

Bendigo Bank:

- Ask Bendigo Bank for funding for the bike trails in the forest behind Cardwell
- The Amphitheatre stage needs a cover – funding from Bendigo Bank?
- Kathy or Mark will speak to Peter Toppin from Bendigo Bank
- Jeff Coward from CCMC mentioned how successful the bike trails in Atherton are and it could be the same in Cardwell.
- Letter to Cardwell Lions Club requesting a donation to assist with our current project of developing Cardwell as a world class biking destination

UPDATE:

UFO Festival:

- Funds need to be more transparent – knowing where expenses are going and what donations/funding is coming in.
- Needs its own budget.
- Volunteers to be delegated their own specific areas. Especially as Thea is working more hours.
- A subcommittee to be set up.
- A letter of support from CCRC for applying for grant.
- Meet with Thea in the near future.

UPDATE:

AGENDA ITEMS:

Thea Ormonde:

Town Map – Chamber will draft a map and CCRC will design it.

Gareth Davey:

Could we have a think about whether posts like this:

<http://www.regionalaustralia.org.au/home/2013/09/blog-the-future-of-cardwell-post-yasi/> which don't do anything to help our township at this point in time (but may have been true at some point in the past), can be responded to by the Chamber on behalf of its members. Could we prepare some positive words that we can drop into any blog or website to update the world on where Cardwell is today?

Gareth Davey:

'Management of our local aerodrome - interfacing with CCRC via the Chamber as a viable option'.

Gareth Davey:

'A gateway airport for the Cassowary Coast - for forwarding to CCED Inc. as a region-wide issue for their consideration'.

Gareth Davey:

The Chamber's public presence in Cardwell - website, Facebook, noticeboards (policy notice attached, FYI)
