

# **WITHYHAM ART GROUP**

Withyham Art group was started more than 30 years ago by Rosemary Goulden and others so that local people could meet to paint and chat in convivial company over coffee. Now, all those years later we still meet in Withyham village Hall from 9.30 to 12 every Wednesday morning and carry on the tradition of painting and chatting together over coffee (and often cake).

We currently have about a dozen members, who paint in very diverse styles using a variety of media, from delicate watercolours, or bold acrylics through to exciting, experimental mixes. In fact ....'anything goes'. Some of our members are quite new or newly returned to the joy of creating and others are retired art teachers who in fact have never stopped. We all help and encourage each other, but never interfere with someone else's work.

Every year we hold our own exhibition , during which a number of our painting have been bought and now adorn walls far and wide, such is the high standard we achieve.

Occasionally we will visit a gallery for a particularly interesting exhibition and sometimes we have a 'guest' artist to run a workshop for the day.

It is all very relaxed and anyone is welcome to join us.
