

Requirements for co- owning with GCD:

- If buying a female, you are allowed to use any of GCD's studs free of charge.
- Any and all females being bred to another stud other than GCD must be mutually agreed upon.
- There will be absolutely NO spot to spot breeding.
- If male, any outside females being bred must be mutually agreed upon.
- Health testing of hips and heart through OFA or Penn Hip at a minimum must be done PRIOR to breeding.
- If co-owning a male you agree to be available to provide shipped or live cover semen for the lifetime of the stud to GCD.

Option 1 (Female): Co-Own price: on all litters over 3 puppies 1 puppy back from first four litters. (For a total of 4 POL back.) Stud fees are included when using GCD stud.

Option 2 (Female): Pet Price: on all litters over 6 puppies two puppies back from first three litters. If 3-5 is produced, there will be only one puppy back from that litter and the additional puppy may be rolled to a different litter. (for a total of six POL back.) Stud fee is included when using GCD stud.

Option 3 (Male): Co-Own Price: Lifetime access to semen (shipped or live cover) and one puppy back.

Option 4 (Male): Pet Price: Lifetime access to semen (shipped or live cover) and two puppies back.

Option 5 (Male): Full Registration Price: Lifetime access to semen (shipped or live cover) no puppies back.

These are GCD's standard co-own terms unless otherwise agreed upon.
