**CONGRATULATIONS!** You've made a loving, empowering choice to begin your own soul journey of learning, healing & personal growth through my Intuitive Personal Mastery Mentoring Program.

I am so blessed & honoured to share this sacred space with you.

## Our Initial Step Together...

We simply need to acknowledge the full truth of where you are at – to establish a clear understanding of how you got here and why you're feeling the way you are so we have a roadmap to help us navigate.

- ✓ Change, truth and honoring oneself require becoming FULLY aware of how you limit yourself and keep yourself stuck in negative patterns.

On the following pages, you'll find 4 simple tools (1 per page) designed to guide you in identifying and becoming aware of yourself and your habits/patterns.

- Answer each set as truthfully as you can – paying specific attention to your intuition (first thing that comes to mind)
- There is no right/wrong or good/bad...there just is what is (so take a deep breath)
- Take your time...set a timeframe (ex. 15 min OR page 2) and stick to it to help keep you focused. Complete only as much as you can in that timeframe and then come back to the next task at a later time (maybe 15 min at lunch each day)

# Acknowledge What IS

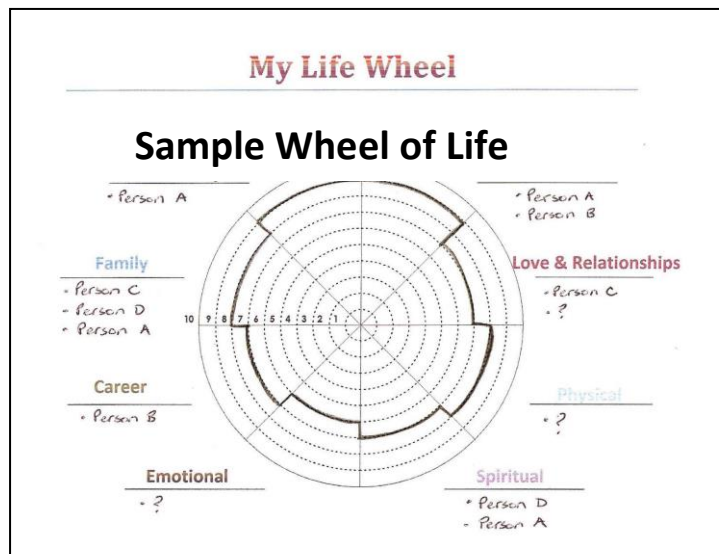

### Life Wheel Exercise

Rarely in life do we actually take the time to acknowledge our life and our levels of fulfillment and satisfaction. The Life Wheel Exercise is designed for just that: focusing in on our life, acknowledging our truth and identifying where & how we might change to create our desires.

*Facing the truth about your life establishes a foundation from which to move forward & create the life you desire.*

### Complete your personal Life Wheel using the template on p6

- **STEP 1:** Trace the numbered line that best represents your level of fulfillment for each area. (1 – not fulfilled...10 – very fulfilled)
- **STEP 2:** Write the names of 2-3 people who you turn to for support in each area under the area heading (Ex. Spiritual...Nancy...Heather)

**Please Note:** The headings (Ex. Career) are meant to provide a broad overview of the various areas of your life. If you would connect more with a different heading, simply cross out the heading and choose your own.
