The Coaching Process:

Coaching is a supportive growth process, where personal and/or professional discovery take place in a safe, nurturing environment. As your coach, I serve as a collaborative partner in helping you to discover new and exciting things about yourself that will propel you forward to living a life full of purpose, passion, joy and ease. Coaching helps you change the way you look at yourself, your relationships & your career... essentially your life. Coaching is all about YOU and helping you to achieve what you wish to.

It is important to know that coaching is not therapy. A coach is not a guru or the master of all answers – as an experienced and trained coach, I am someone who is committed to supporting YOU, helping you to stretch outside of the box to realize the very best for you.

My desire and intention is to:

- Create a safe space of zero judgement & all possibility for you. I do that by fully listening to you, asking some powerful, direct questions and being open and honest with you. I will call you on your truth but I will also support you, hold you accountable & cheer you on.

Together you and I will:

- Uncover your truth, stop the circling, hiding, numbing & avoiding and empower you to move forward and reveal the incredible YOU that is hiding within. We will remove obstacles, bust apart walls and get very clear on what you want, Who You Are and how to step into your OWN life story with joy & ease.

You can expect the following from me:

- I have no agenda of my own...this is your time and it is all about YOU.
- Everything you share will be held in the strictest of confidence.
- We will have fun & laugh during the coaching process!! (probably shed a few tears also)
- I will always be honest with you – I value integrity, virtue & honesty
- Together, we will consistently look for ways to help you move forward and remove any challenges and complexities that are holding you back.
- I hold a genuine and sincere belief in you and your capabilities. All the answers you need – you have.
- I use my gift of intuition and perception to listen “between the lines” of what is not being verbally communicated. Bringing to your attention the things you may not be aware of in order to support you in the growth process.

- I am your collaborative partner and cheerleader.
- I will help you create the stepping stones to use in your journey from where you currently are - to where you wish to be.

What I Expect from You:

- You come to our sessions on time (if you cannot make a session, you let me know in advance)
- You are completely honest with me, letting me know if something is not working for you so that we can make the necessary changes to benefit you.
- You let me know at any given time how I can best support and acknowledge you so that you are empowered.
- You be willing to stretch a bit, being open to new potentials and possibilities.
- You be willing to take action when it is appropriate.
- You honor the financial agreement that we have made.

Finally:

Please know that I am committed to supporting you throughout our time together. We are a team and, as a team, we will collaborate to make things happen for you.

I am committed to adhering to the ethical guidelines set by the International Coach Federation (ICF) ensuring that my practice is one of integrity – upholding and respecting my clients' privacy and confidentiality.

Jackie
