

Faith Alive! Church  
October 8, 2017

In life, hardships surround us everywhere we look.

Though Joseph (and his coat of many colors) faced terrible, life-altering hardships, the Bible tells us that the Lord was with him. God was able to make good things spring from Joseph's myriad problems.

When we understand who we are in Christ, we will understand that hardships will occur, but that God is also with us. God is with us, holding us close, as we walk through our recovery from the traumas of life. Our faith (the knowledge that God is constant and trustworthy in His power) is the key to seeing us through life's pitfalls.
