

Stewardship of time begins with an awareness of our blessings and the willingness to share our time with others to build community.

“Preach the gospel at all times; use words if necessary.” St. Francis of Assisi reminds us to live the Gospel message of discipleship.

Weekly we come to the Liturgy to be nourished by the Gospel message and to give thanks to God. With a renewed spirit in stewardship, we invite all members of our parish community to a deeper involvement in parish life. Prayerfully consider the call of the Holy Spirit, within your heart. Review the list on the back of this form. There are many opportunities to serve and share your gift. Check all that you feel you may be drawn to or that you will continue to be a part of. Being a steward and sharing your time and talent is a concrete sign of an intentional disciple.
