

Certificate of Recognition

AEP Ohio Recognizes

Encore Industries Inc

For their commitment to energy efficiency and the environment by participating in AEP Ohio's savings incentives programs for business.

As a result of their leadership they will:

Reduce energy use by 3186554 kWh per year.

Reduce CO2 emissions 2727 by tons.

Which equals as many as 431 cars off the road per year.

AEP Ohio thanks you for being an energy efficiency leader by participating in our programs for businesses.
