IMPORTANT HOW DO WE GET NUMBERS:

We run your release through a series of ads on Myspace, Facebook, Instagram, Google, Yahoo & Bing. The ads will stop once the guaranteed view/play count has been reached. Please be advised that we run the all the ads at the same time. We use a special algorithm to send out the release when there is the most significant online traffic. This is the same method the labels use to sky rocket their artists release.

THE MILLION & UP CLUB
