United Methodist Women

LATIN NIGHT

The United Methodist Women had their Latin Night on September 17, 2016. It was a great evening where we learned more about the Latin culture and some Latin dances. If you missed it this year, don't worry this will be an annual event.

“THE WILD, WILD WEST”

Fatal police shootings, another massacre in America; aren't we tired of these headlines. It would seem that when it comes to gun violence we are playing the blame game; our leader's needs to wake up and take strong action and pass common sense reforms laws that keep guns out of dangerous hands once and for all.

It's appalling that our Congress still won't act even though 90% of Americans support stronger gun safety laws. More than 6,000 people have died as a result of gun violence in 2016 alone. There are too many early graves dug in the United States due to gun violence.

Together we pray for those who tragedy lost their lives in recent days. We believe that all Americans have a right to live in communities free from gun violence.

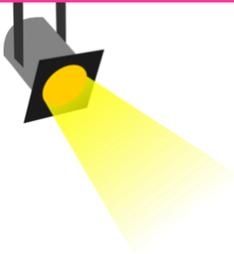

Church Women United is committed to fighting for gun control.

Make your voice heard!!!!

Health & Wellness

BREAST CANCER AWARENESS MONTH

Breast cancer is the most common cancer among women in the United States (other than skin cancer). But millions of women are surviving the disease thanks in part to early detection and improvements in treatment.

The American Cancer Society is actively fighting breast cancer by helping women get tested to find breast cancer earlier, and helping them understand their treatment options and cope with the physical and emotional side effects. We also fund research to help prevent, find, and treat breast cancer.

The Health and Wellness team is asking that wear pink on 5th Sunday. They would also like for all Breast Cancer survivors in the congregation or relatives to give their names to the greeters. There will be a special presentation on 5th Sunday.
