MARCH IS WOMEN'S HISTORY MONTH

Amy Sherald is the first African-American woman to be commissioned to paint a portrait of a member of the first family. Sherald said "I paint American people, and I tell American stories through the paintings I create." To learn more about this artist and see more of her amazing paintings go to www.amysherard.com.

100TH ANNIVERSARY

Celebrating the 100th Anniversary of Mt Zion United Methodist Church

“Telling Our Stories”

One of the activities the Team 100 has elected to do is celebrating our church’s centennial by telling our stories.

Each senior member of the church, (members for more than 25 years) or any member who wishes to share his or her story is welcomed to participate. We ask that you prepare your story which will be videotaped. Recall significant events from your church life and share them.

To participate, please contact Annette Faison (727/447-2183) to schedule your taping. The tapings will begin in March. Members may participate individually or as a family, just let us know in advance. Members will be spotlighted throughout the year of 2019 on the church’s information screen and on screens at the Gala for the large celebration.

Suggestions for topics:

Your first connect with Mt. Zion; why, when, where and how.

My fellow members. Earliest memories. Amusing memories. One of my favorite pastors.

Your favorite ministry (e.g. Usher, choir, Sunday School, Senior Living

share
your
story

WORLD DAY OF PRAYER

“Where in the world is Suriname?”

World Day of Prayer is celebrated on the first Friday in March. This year’s program is written by the women of Suriname.

Suriname is one of the smallest countries in South America, yet its population is one of the most ethnically diverse in the region..

formerly known as Dutch Guiana.

Suriname was a plantation colony of the Netherlands that gained its independence on Nov 25, 1975.

This year’s theme “All God’s Creation Is Very Good” God created from chaos. But everything that was created found its place in creation. All were related to each other and none could exist without the other and the source of all was God.

The Women from Suriname lift up their voices to remind us that we are caretakers of God’s creation! They are bringing to our attention the urgent need for caring at a time when more than 180 countries have signed the Paris Agreement on Climate Change.

What can we do to keep God’s creation good?

HEALTH & WELLNESS

THE COLOR OF THE MONTH IS **GREEN**:

Child: Cerebral Palsy—Over 10,000 children are diagnosed each year with Cerebral Palsy. It is the most common childhood disability. It is caused by damage to fetal or infant brain and there is no known cure.

Adult: Mentally Challenged—There are 4.6 million people in the U.S. diagnosed as mentally challenged. Levels of challenge range from mild to severe in reference to ability to learn and adapting to everyday life.

Submitted by the Health and Wellness Team

Audrey Lyttle, Chair
