How did you hear about us? (10-30 words)					

Essay Response

Please answer the following essay questions below to indicate your capabilities and passion for starting a Math Modeling Chapter. We will review and judge these answers not on eloquence and skill, but rather on the substance and ideas you propose.

1. Why do you want to start a chapter? (max. 300 words)

2. Plan of action if your application is approved. (max. 300 words)

Short Answer

Please answer the following short answer questions with a few sentences each.

1. Have you had similar experiences before? If so, elaborate. (max. 150 words)

2. List your previous awards in Math/Computer Science.

3. How can you contribute to AoCMM? (max 150 words)

4. Any special requests from us?
