EasyPellet Products™ are your all natural,  
environmentally friendly alternatives to fossil  
fuels and synthetic products!

You're a natural.  
Your products should be,  
too.

## EasyPellet Products™

EasyPellet Products™ are proudly made in Virginia from responsibly sourced by-products of the forest industry. No new trees are destroyed in the making of our products.

The following 100% natural and sustainable products can be found at select retailers on the East Coast.
