*Single and Double Wall  
Fiberglass Underground  
Fuel Storage Tanks*

**EDWARDS**  
FIBERGLASS, INC.

**Edwards Fiberglass, Inc.**, a major manufacturer of fiberglass scrubbers and storage vessels for the chemical, food, waste, water and industrial industries has successfully completed the UL tests for underground fuel storage tanks. Single and double wall fiberglass tanks are fabricated at our modern plants in Sedalia, Missouri and shipped nationwide by company owned trucks.

*Tank being tested with 11 1/2" of vacuum prior to delivery.*

*Ten-thousand gallon single wall tank ready for shipment.*

*Preparing 1,000 gallon double wall tank for UL test.*

*Four-thousand and 10,000 gallon double wall tanks leaving our plant.*

All underground fuel tanks are manufactured and tested per Edwards design specifications, standard UL 1316 and comply with NFPA 30 and NFPA 31. A UL label, file # MH14359, is affixed to all UL tanks.
