

CAPTURE IT WITH CLARITY

Get unprecedented image detail and never miss a thing with Avigilon's end-to-end surveillance solutions.

From shoplifters to potential false liability claims, you can now capture it all in high-definition. The Avigilon Control Center software featuring High-Definition Stream Management (HDSM) technology combined with the broadest range of megapixel cameras (from 1 - 29 MP) provides superior details while requiring minimal bandwidth and storage. Our software allows you to search and view an incident in seconds, along with the ability to link HD surveillance footage with transaction data to help reduce shrinkage and theft. With Avigilon on your side, you will always get the best evidence.

Print advertising template

The purpose of this template is to allow our partners to leverage the Avigilon brand and creative.

The allowed usage of this template is for the purpose of placing an advertisement in a trade or industry publication. **Partners are responsible for booking and paying for the space in the publication.**

The ad cannot be altered in any way or used outside of the allowed usage. The minimum ad size dimension allowed for this template is no less than 5.5 inches (14 cm) wide by 8 inches (20.5 cm) tall.

Once the space has been booked, please contact marketing@avigilon.com with size of the space booked, the publication and any other info provided such as trim size and bleed, as well as your logo and contact info you would like to include in the ad. Your logo should be high-res, preferably in a vector format. Based on the info you provide, we will size the ad to the appropriate dimension free of charge.

Please note we will need up to 5 business days to provide you with the final output in a High Res PDF for you to send to the publication.
