Why Buy?

— BY ASHLEY —

- Fastest growing bedding company in the industry with limited distribution!
- Owned and operated by the world's largest furniture manufacturer
- Delivered on the same Ashley truck as furniture
- One Stop Shop!!! Innerspring, Foam, Hybrids and Power Bases
- Power packed Coil...pre-compressed to provide increased support
- Upholstery Grade foam- 1.5 density vs. industry standard of 0.8 - 1.2 resulting in fewer body impressions
- No convoluted foam in quilt- More profile and no nesting of fibers in the dimples
- 65 lb. 1.7 density foam edge rails- stronger edge support
- Embroidered Borders at velocity price points
- Luxury Covers at every price point
- Roll compressed foam products for easy delivery and warehousing
- Higher Margins

Mygel Memory Foam

sierrasleep®

— BY ASHLEY —

Memory Foam

Real Mattress In a Box
Compression Technology
results in the most efficient transportation
and a lower carbon footprint for this
mattress

Compression packed beds allow retailers to maintain higher inventory levels while taking up less space in their DC's. In addition, by compressing the beds, consumers are delivered a very consistent feel from what they lay on in the showrooms.

BioFoam™
Natural Seed Oil
minimizes the use
of petrol-based
chemical oils

Sierra Sleep uses 30% castor seed oil in lieu of petroleum which provides a better carbon foot print than most memory foam products in the market place.

Green tea extract is added to the memory foam formula of all Sierra Sleep specialty beds. The green tea acts as a breath of fresh air and aids in the elimination of petroleum odors often associated with memory foam products.

Charcoal is infused into Sierra Sleep memory foam during production. This process is proven to reduce the amount of petroleum odor often associated with competitors products.

CertiPUR-US® approved foams are: Made without chemicals associated with ozone depletion. Made without PBDE flame retardants. Made without mercury, lead and other heavy metals. Made without formaldehyde.
