Mix & Match: Switch Dining Chairs with Tables, Change Chairs with Fire Pits, Sell Fire Pits without Chairs.

Compare: If it is NOT Outdoor by Ashley, it's not the same. Designs are exclusive to Ashley. If customer's see the same or similar set by another vendor, then it isn't the same. Shop the competition to know the differences.

Ask: Is it aluminum or steel? Is it welded or require assembly? Are the seat decks and backs finished? Are the cushions flat after use?

Quality:

- Made with rust free aluminum instead of steel in most pieces. Steel only used for reinforcement.
- Sets are mostly welded and do not require assembly, except tables.
- Cushions are thick and filled with high density foam.
- Use high-performance Nuvela outdoor fabric.

Value: Outdoor by Ashley is well priced for the higher quality materials that we use. We offer fashionable, well-made outdoor furniture at affordable prices.

KEY TAKEAWAYS

WHY ALUMINUM

- Is light weight, extremely durable.
- We sell both extruded and cast aluminum
- All furniture is powder coated
- Will not rust -- unlike steel which can rust

POWDER COATING

The coating is typically applied electrostatically and is then cured under heat to allow it to flow and form a "skin". The powder may be a thermoplastic or a thermoset polymer. It is usually used to create a hard finish that is tougher than conventional paint.

MORE ON POWDER COAT FINISHES

What is Powder Coating?

- Powder coating is a dry finishing process that has become extremely popular since its introduction in North America over in the 1960s. Representing over 15% of the total industrial finishing market, powder is used on a wide array of products. More and more companies specify powder coatings for a high-quality, durable finish, allowing for maximized production, improved efficiencies, and simplified environmental compliance. Used as functional (protective) and decorative finishes, powder coatings are available in an almost limitless range of colors and textures, and technological advancements have resulted in excellent performance properties.

How Powder Coating Works

- **INGREDIENTS:** Powder coatings are based on polymer resin systems, combined with curatives, pigments, leveling agents, flow modifiers, and other additives. These ingredients are melt mixed, cooled, and ground into a uniform powder similar to baking flour.
- **APPLICATION:** A process called electrostatic spray deposition (ESD) is typically used to achieve the application of the powder coating to a metal substrate. This application method uses a spray gun, which applies an electrostatic charge to the powder particles, which are then attracted to the grounded part.
- **FINISHING:** After application of the powder coating, the parts enter a curing oven where, with the addition of heat, the coating chemically reacts to produce long molecular chains, resulting in high cross-link density. These molecular chains are very resistant to breakdown.

Durability of Powder Coating

- Powder coating is a high-quality finish found on thousands of products you come in contact with each day.
- Powder coating protects the roughest, toughest machinery as well as the household items you depend on daily. It provides a durable and attractive finish.
- Powder coated products are more resistant to diminished coating quality as a result of impact, moisture, chemicals, ultraviolet light, and other extreme weather conditions. In turn, this reduces the risk of scratches, chipping, abrasions, corrosion, fading, and other wear issues.
- It's tough. It looks great. And it lasts a long, long time. In addition to being durable, powder coating is an attractive choice due to environmental advantages.

ENVIRONMENTAL BENEFITS OF POWDER COATING

The benefits of powder coating for consumers are simple: powder coating will make your purchase **look better and last longer** – not to mention its reduced environmental footprint!

- Powder coatings contain no solvents and releases negligible amounts of VOCs into the atmosphere, if any. And comply more easily and economically with the regulations of the U.S. Environmental Protection Agency.
- The powder coating process itself offers another advantage - it is **environmentally friendly** and **virtually pollution-free!**
- In addition, **unused or over sprayed powder can be recovered**, so any waste is minimal and can be disposed of easily and safely. Choose powder coating and do your part to preserve the environment.
- Powder coating is a **clean process**. In fact, one of the major elements in expanding the market for powder coating has been the implementation of stringent air pollution control legislation over the past 30 years. In addition, the increased efficiencies of applying a powder coating generally produce lower operating costs.

CLEANING & CARE

Aluminum

- Rinse away dirt and debris using a garden hose. Never use high pressure hoses
- Deep clean with a few drops of mild liquid detergent in warm bucket of water. Gently wipe with lint-free rags. Rinse with cold water. Apply cushions after thoroughly dry.
- To protect finish, avoid abrasive chemicals or products containing ammonia, bleach, citrus additives.
- Rinse off once a week and remove spills immediately with dry cloth. Remove scuffs with non-abrasive cleaner and rinse.
- Place dry furniture indoors or cover with water-resistant covers after season or before inclement weather to prolong life of groups.

Resin Wicker:

- To ease cleaning, spray with water to loosen and remove dirt & debris.
- Lightly scrub with soft bristle brush with warm water & a few drops of mild detergent added. Use soft toothbrush to reach in between weaves and other services.
- To remove any mold or mildew, add ¼ cup of white vinegar to the soapy solution and scrubbing gently. For stubborn stains use a commercial mildew remover. Rinse thoroughly.
- Use water-resistant cover to protect from elements and increase longevity.

Fire Pits

- Before cleaning, ensure fire pit is cool to prevent burns. Make sure control valve is off before shutting down gas.
- Remove foreign debris.
- Contact certified gas service technician to convert to natural gas or if no functioning properly.
- Clean with mild detergent and warm water. Rinse and dry completely. Clean spills with damp rag to prevent buildup or residue.
- When not in use, cover with burner cover and weather cover.

NUVELLA™ OUTDOOR FABRIC

Nuvella is a brand of outdoor fabric made exclusively for Ashley Furniture. It is constructed of solution dyed polyester that will yield high performance against stains, colorfastness to light and increased abrasion resistance.

In the solution dye process, dye is added to the molten polymer and extruded into colored fibers. This results into a 100% penetration of color into the fibers.

Remember: Radish vs Carrot

The BENEFIT of the process include:

- Increased Colorfastness
- Improved abrasion resistance
- Can clean material with bleach without worry about a stain or fading issue.

Cleaning & Care

- Nuvella won't promote mildew, but other substance can. Clean food and drink spill promptly. Remove moisture with dry cloth, use dishwasher liquid to remove oil based stains. Rinse and dry.
- For mold and mildew, apply solution of one cup bleach per one gallon of water and a few drops of mild soap directly to spots with sponge or damp cloth. Rinse and air dry.
- If cushions are soaked from downpour, speed drying time by standing cushions on one side. Never dry in machine dryer.
- Store or cover cushions during inclement weather or if unused for prolonged times. Make sure cushions are dry prior to storage.

DISCLAIMER

NO OTHER EXPRESS WARRANTY HAS BEEN MADE OR WILL BE MADE ON BEHALF OF SIGNATURE DESIGN WITH RESPECT TO THE FURNITURE AND ITS PARTS, OR THE OPERATION, REPAIR, OR REPLACEMENT OF THE FURNITURE AND ITS PARTS. FURTHERMORE, NO REPRESENTATIVE OF SIGNATURE DESIGN OR ITS DISTRIBUTORS OR RETAILERS IS AUTHORIZED TO MAKE ANY CHANGES OR MODIFICATIONS TO THESE LIMITED WARRANTIES.

SOME RETAILERS OFFER EXTENDED OR ADDITIONAL WARRANTIES, INCLUDING BUT NOT LIMITED TO EXTENDED OR ADDITIONAL FABRIC WARRANTIES, EITHER FROM THE RETAILER OR THROUGH A THIRD-PARTY. SIGNATURE DESIGN SHALL NOT BE LIABLE UNDER ANY EXTENDED OR ADDITIONAL WARRANTIES OFFERED BY ANY RETAILER OR THROUGH A THIRD-PARTY UNDER ANY CIRCUMSTANCES.

IN NO EVENT SHALL SIGNATURE DESIGN BE RESPONSIBLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES, SUCH AS LOSS OF USE, INCONVENIENCE, LOSS, OR DAMAGE TO PERSONAL PROPERTY, WHETHER INDIRECT OR DIRECT, AND WHETHER ARISING IN CONTRACT OR TORT EVEN IF IT HAD REASON TO KNOW IN ADVANCE THAT SUCH DAMAGES WERE POSSIBLE. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE FOREGOING LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

IN NO EVENT SHALL SIGNATURE DESIGN'S RESPONSIBILITY EXCEED THE PURCHASE PRICE OF THE PRODUCT OR ITS REPLACEMENT.

This warranty gives you specific legal rights, and you may also have other rights that vary from state to state.

CAUTION

Motion furniture (recliners, sleeper sofa, etc.) has many moving parts. Caution must be used in operation (opening, closing, etc.). Children should not be allowed to play on or operate motion furniture. Always leave recliners in an upright and closed position and keep hands and feet clear of mechanism. Only the occupant should operate it.

CLAIM PROCEDURE

To obtain warranty services, the original retail purchaser must comply with the requirements of this Claim Procedure.

Contact the Signature Design by Ashley retailer from whom you purchased your furniture to obtain warranty service. All claims must include the original bill of sale, the product serial number, and be filed within the applicable warranty period. Signature Design reserves the right to require defective parts be returned upon request. You must make arrangements with the retailer to schedule the transportation of the furniture or parts from your home to the retailer or from the retailer to your home. If the retailer from which you purchased the furniture has closed and you need service, contact Signature Design in writing or call our Customer Service.

ASHLEY®

THE WORLD CLASS FURNITURE COMPANY™

WARRANTY
INFORMATION

*As used in these Limited Warranties, "lifetime" means the normal useful life of the product under reasonable use.

**After the first year of use, Signature Design will replace the sleep mattress on the following prorated basis: more than 1 but less than 2 years of use, 90% of the cost of the replacement is covered; more than 2 years but less than 3 years of use, 80% of the cost of the replacement is covered.

***All seat cushion cores in both Unattached Cushioning and Attached Cushioning will soften with normal use and will conform to the shape of the user. This shall be considered normal wear, and shall not be considered a loss of resiliency or a material manufacturing defect.

****The Leather and Upholstery Fabric Limited Warranty also includes seam slippage, cracking, and dye transfers. Leather is a natural product, and, as such, each hide will reflect its own individuality. Some variations of shade and tone are to be expected as are the nicks, scratches, and wrinkles that only occur in genuine leather; these characteristics are in no way to be considered a defect. These Limited Warranties do not cover tears, flattening of nap, pilling, fading, or shrinking and are not valid when heavy soiling or abuse is evident. These Limited Warranties also do not cover protective finishes, velvets, and velvet types, since by their very nature, these fabrics are of soft texture and will crush, shade and mark more readily than most fabrics; these characteristics are in no way to be considered a defect.

*****The Outdoor Products Limited Warranty includes blistering, flaking, and peeling of finishes, seam separation of cushions and slings, splitting or unraveling of wicker, fire pit burners, and fading of Nuvela™ branded fabrics.

LIMITATIONS AND EXCEPTIONS

The following limitation and exceptions apply to the Limited Warranties:

Remedy

• Under these Limited Warranties, for all of its products other than an Unattached Cushion (as defined in the topical heading "Cushioning"), the sole liability of Ashley is limited to repair, or at its option replacement, of the applicable product or part found, upon examination of an authorized manufacturer's representative of Signature Design, to evidence a material manufacturing defect. REFUNDS ARE NOT AVAILABLE. If within the warranty period, identical materials are unavailable at the time of repair or replacement, Signature Design reserves the right to substitute materials of equal or better quality. Replacement fabrics may vary in color from the original due to dye lot differences.

• In addition, during the period of any applicable Labor Coverage, Signature Design will pay, within one year from the date of purchase, reasonable and customary labor rates to repair or replace the defective parts (at Signature Design's option) and shipping costs from the retailer to and from Signature Design, at no charge to the original retail purchaser. After the expiration of the Labor Coverage or for all products or parts not covered by Labor Coverage, the original retail purchaser will be responsible for labor, packing, and all shipping and transportation costs. The costs associated with transporting the furniture or parts from your home to the retailer or from the retailer to your home are excluded from all Limited Warranties.

• For Unattached Cushions with a material manufacturing defect, Signature Design will replace the defective Unattached Cushion provided that the original retail purchaser during the warranty period (i) complies with the Claim Procedure set forth in these Limited Warranties, and (ii) if requested by Signature Design, returns the defective cushion core contained within an Unattached Cushion to Signature Design by Ashley Brand, Attn: Director of Quality, One Ashley Way, Arcadia, WI 54812. The remedy specified in this paragraph is Signature Design's sole liability related to Unattached Cushions.

• Any item repaired or replaced under these Limited Warranties will be covered by the Limited Warranties for the remainder of the original warranty period only.

All Products

These Limited Warranties do not apply to (i) rented, business, commercial, institutional, or other non-residential uses, (ii) merchandise that was, at any time, used as a floor sample or display model, (iii) any merchandise purchased "as is" or second-hand, (iv) any merchandise purchased at a distress sale or a going-out-of-business sale, (v) any merchandise purchased from a liquidator, or (vi) merchandise obtained from a rental retailer. All warranties, whether express or implied, cover only normal household usage. No warranty, express or implied, applies to any condition resulting from misuse, abuse, delivery or transportation damage, nor any condition resulting from incorrect or inadequate maintenance, cleaning, or care. These Limited Warranties are null and void if furniture has been moved from original point of delivery to consumer.

Chemical Treatments

These Limited Warranties do not cover damages or defects caused by use of chemical treatments or protective coatings on the finish, leather, or upholstered fabric by the retailer or the original retail purchaser, and any such chemical treatments or protective coatings voids all warranties of Signature Design.

Leather, Upholstered Fabric and Finishes

The Limited Warranties on "Leather," "Upholstered Fabric," and "Finishes and all Other Furniture Products" do not cover (i) damages resulting from excessive soiling or improper or unapproved cleaning methods, (ii) fading or other damages resulting from exposure to sunlight, (iii) damages resulting from household humidity, or (iv) damages resulting from any liquid, including but not limited to alcohol and water. CAUTION: Any use of improper or unapproved cleaning methods voids all warranties of Signature Design.

Outdoor Products

The Limited Warranties on Outdoor Products do not cover (i) damage to frames or welds resulting from improper assembly, acts of nature, or freeze damage as a result of moisture bursting from within furniture frames due to sub-freezing temperatures, (ii) chips, scratches, or dents on any Outdoor Product resulting from normal wear and tear and exposure to weather elements, or (iii) fading and/or discoloration to fabrics (except for Nuvela™ branded fabrics), straps, slings, and wicker resulting from exposure to outdoor elements, oils, spills, fluids, suntan lotion and sprays, chemicals, or any other cause.

Modifications to Products

These Limited Warranties do not apply to any products that have been altered by any person, dealer, or company without the express written authorization of Signature Design.

Implied Warranties

IMPLIED WARRANTIES, INCLUDING ANY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE IMPOSED ON THE SALE OF THIS FURNITURE AND ITS PARTS UNDER STATE LAW, ARE LIMITED IN DURATION TO THE APPLICABLE WARRANTY DURATION OF THE PRODUCT OR PART AND NO WARRANTIES APPLY AFTER THAT PERIOD. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.
