Back to College spending is expected to hit an **ALL TIME HIGH** this year! Projections on furnishings are expected to hit the \$6 BILLION mark this year according to the National Retail Federations annual survey. So how do YOU get your fair share of the sales? Its easy, you have to get on their shopping list. Give them a reason to come into your store. The average college student and their families plan to spend \$969.88 on their back to college needs. They are shopping for dorm and apartment furnishings, electronics, snacks and food. It is important that you are displaying current styles and trends, and furniture that is smaller scale, and of course affordable. Here are some of our suggestions to build your sales this month!

B011 Headboards! Twin Cost \$49.99 Full Cost \$59.99

B280-571 Twin Bed Cost \$89.99

B217-46 Chest Cost \$95

B171-21 Dresser Cost \$125

D548-324 Stool Cost \$45

B171-120 Bookcase Cost \$119 At the End of June Gay had the pleasure and honor of attending a Tony Robbins conference, "ASHLEY DOMINATION" in Tampa, Florida. It was 5 days of positive speakers led by Tony Robbins himself and activities with her Ashley peers. She wanted to share some her notes with all of you. After all, a Positive attitude is SO contagious!

<u>How you react depends on your focus, not the situation</u>. Your Mental State depends on how you react to situations. This is where I think roll playing with your sales people is important. Do they know how to react to rejection from a consumer? We should all strive to be PROACTIVE not Reactive.

<u>Grace</u>. Call it God or Universe, or divine intervention.. The more grateful you are, the more you get. Change your expectation for appreciation and it will turn your life around.

<u>Your Blueprint</u>. Stress occurs when your actions deviate from your blueprint. Don't blame yourself, others or events. Either change your blueprint or change your life conditions.

<u>Success and Failure</u>. You can learn from failure, you cannot build on it! You can only build on success. Let the first experience be successful. Success without fulfillment is the ultimate failure. Failure is NOT losing. Failure is not succumbing to the fear of losing.

**Leadership is the choke hold for a company's growth**. Leaders do not react they anticipate.

<u>Business</u>. If we don't create a great guest experience in the store, the customer will shop online. Technology will decide how viable you are. You cannot manage what you do not measure. You get paid for results, not for good intentions. New Results need NEW behavior.

<u>Personal.</u> Don't overthink. Trust your instincts! Follow the trail of your stress to uncover your deepest fear. Anybody can start something, very few people complete them. Emotions are the ultimate resource. The most emotional skill in life is mastering your emotional state.

Its no secret it is easier to get a consumer to purchase from your store if you are offering a gift with purchase. Who doesn't want something for free? As your Marketing Specialist team, we are FULL of ideas and contacts for great "Hooks" to get them in YOUR door. Here are just a few.
