

Knock Snow into the Next Zip Code

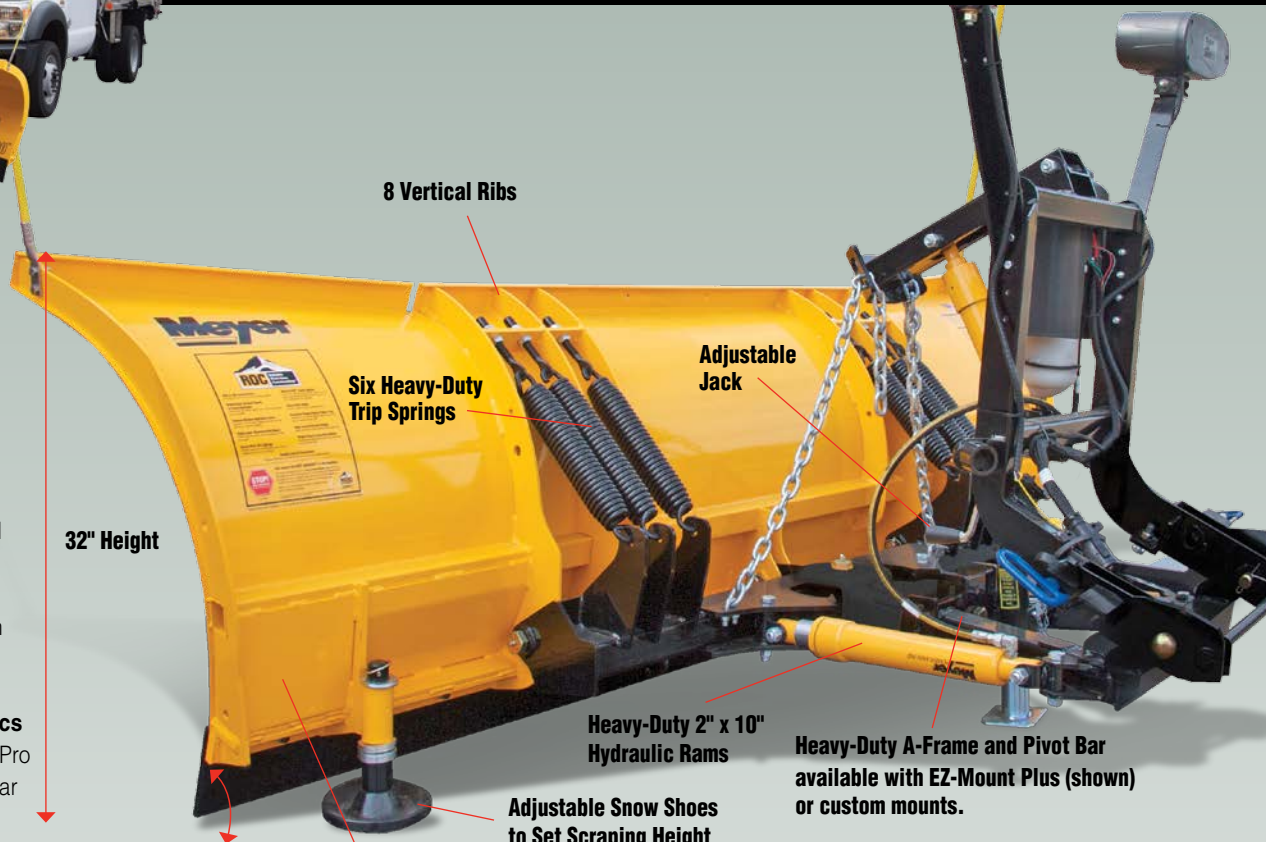

The **Meyer® Road Pro™ Series** is perfectly designed to fit 9,300 - 33,000 GVW chassis cab trucks for municipal applications. Available in 8', 9', 10' and 11' lengths, there's a Road Pro that's the right size to clear parking lots, side streets, back roads or municipal streets.

Fits 9,300–33,000 GVW Vehicles

Road Pro 32-Series (9,300–26,000 GVW Vehicles)

The **Road Pro 32-Series** is specifically designed for **9,300–26,000 GVW** vehicles and features Meyer's EZ-Mount Plus system. The Road Pro 32-Series features Ground Tracking Technology™ which allows the plow to stay engaged with uneven surfaces. It's perfect for clearing **side streets, parking lots or cul-de-sacs** in just one pass. All Road Pro plows feature a full five-year warranty.

- 8 Vertical Ribs**
- 32" Height**
- Aggressive 75° Attack Angle**
- Six Heavy-Duty Trip Springs**
- Heavy-Duty Bracing and Tubular Construction for Added Strength**
- Adjustable Snow Shoes to Set Scraping Height**
- Adjustable Jack**
- Heavy-Duty 2" x 10" Hydraulic Rams**
- Heavy-Duty A-Frame and Pivot Bar available with EZ-Mount Plus (shown) or custom mounts.**

Features

Allows the plow to automatically pivot up to 12° and stay engaged with uneven surfaces, so you can clean in just one pass. Ground Tracking Technology also allows the plow to remain level during transport and keeps the mount straight when mounting/dismounting on uneven surfaces.

We Have the Control to Meet Your Needs

Meyer's EZ-1 controller features Hands-Free Plowing (HFP) to reduce effort and increase performance and safety. When activated, HFP uses the vehicle's shift lever to control the up/down movement of the blade.

Available Hydraulics

EZ-Mount Plus System
Attaches/detaches in seconds by pulling two handles. EZ-Mount systems are fleet-friendly because moldboards and controllers are interchangeable.

E-72 Hydraulic System
Includes five-year warranty.

Central Hydraulics
Plumbs directly to the vehicle's hydraulic system. Part #08878

Road Pro 36-Series (26,000–33,000 GVW Vehicles)

Road Pro 36-Series plows are designed to fit on **26,000–33,000 GVW** vehicles and are built to take on the abuse that **municipal roads** dish out. The Road Pro's unique design eliminates wear and tear on the vehicle and operator. All Road Pro plows feature a full five-year warranty.

36" Height

8 Vertical Ribs

Six Heavy-Duty Trip Springs

Adjustable Jack

Heavy-Duty 2 1/2" x 11 1/2" Hydraulic Rams

Heavy-Duty A-Frame with Custom Mounting System

Adjustable Snow Shoes to Set Scraping Height (optional)

Features

Oscillating Moldboard

Our unique pivot design allows the Road Pro to automatically oscillate five degrees on each side to follow the contour of the road so more snow can be cleared in less time. The unique design also keeps the moldboard level when transporting.

Bottom-trip or Full-trip Moldboards Available

Bottom-trip available on RPDE-10 only.

We Have the Control to Meet Your Needs

Meyer's EZ-1 controller features Hands-Free Plowing (HFP) to reduce effort and increase performance and safety. When activated, HFP uses the vehicle's shift lever to control the up/down movement of the blade. Double click a function button (up, down, left, right) and the plow will automatically perform that task without continuously depressing the button.

Available Hydraulics

E-70 Out-Front Hydraulic System

Allows you to add a plow to vehicles that do not have central hydraulics. Part #15825

Central Hydraulics

Allows the plow to be plumbed directly to the vehicle's hydraulic system making it easy to install and maintain. Part #15853

Meyer Municipal Spreaders are the Perfect Addition for Your Snow and Ice Control Needs

Undertailgate Spreaders (UTG)

Spreads salt, sand or salt/sand up to 40 feet using your existing dump truck. It features electric or hydraulic drives and adjustable, left, right or center spread patterns. Available in 88" or 96" body widths.

V-Box Spreaders

Features a 2 – 5.5 cu. yd. capacity for spreading salt, sand or salt/sand. Internal and external baffles spread material exactly where you want it. Available in 8', 9' and 10' lengths.

Replaceable Tailgate Spreaders (RTG)

Use in place of your existing dump truck tailgate to spread salt, sand or salt/sand up to 40 feet. It features an electric drive and adjustable, left, right or center spread patterns. Available in body widths from 78" – 90".
